Department of Mathematics Minutes of the meeting

Minutes of the meeting held on December 20, 20219, for the certificate course involving the faculty of mathematics show that discussions primarily revolved around curriculum updates, faculty allocations, and strategies for student engagement. The meeting also considered the scheduling of exams and the need for additional resources in the department. An action plan was formulated, with responsible individuals assigned to address the discussed topics, and a follow-up meeting was scheduled for further coordination.

Agenda:

- To discuss course curriculum.
- To discuss about Sharing the course schedule, including important dates such as classes, assignments, and assessments.
- Schedule and Timelines: Sharing the course schedule, including important dates such as classes, assignments, and assessments.
- To discuss introducing the instructors, teaching assistants, and support staff who will be involved in the course.
- Explanation of the evaluation methods, grading criteria, and any required assessments.

After a brief discussion on the agenda the following resolutions have been passed by the committee.

"Resolved, that the certificate course "Graphs: Solving Equations with Graphical Methods" will be offered to students in the upcoming academic term, starting 20/01/2020 with the following key provisions:

- The course curriculum, as outlined in the course proposal, is approved, and will be implemented as planned.
- Faculty members Ch. Vijay Kumar, L.V. Ramana and Y.Prasanthi are assigned to teach the respective modules and are responsible for course delivery.
- The course schedule, including class timings and assessment dates, is finalized, and will be communicated to enrolled students.

Subject: Request to Introduce Certificate Course for UG -mathematics Students.

Respected Madam,

The Department of Mathematics in its meeting held on 20-12-2019 at Department of Mathematics passed a resolution to request the introduction of a certificate course for students at Govt. Degree College (M)-Srikakulam. This course will provide valuable additional skills and opportunities, enhancing our students' academic and career prospects. Your consideration of this request is greatly appreciated.

Thanking you Madam,

Yours Sincerely,

Dupt, of Mathematics God, Degree College (Men) SHIKAKULAM

O/o The Principal,

Government Degree College (M),

Srikakulam.

PRINCIPAL

Govt. Degree College (Men) SRIKAKULAM.

Circular

We are excited to announce a new Certificate Course that will provide you with an opportunity to enhance your skills and knowledge in **Graphs: Solving Equations with Graphical Method**. This course has been designed to help you gain valuable expertise in Mathematics and boost your career prospects.

Course Details:

Course Name: Graphs: Solving Equations with Graphical Method

Course Duration: 31-01-2020 to 13-04-2020 (30 days)

Timings: Every week classes will be held on Monday, Thurs day and Friday (except for the national holidays/festivals). Final examination will be conducted on 18/04/2020(Saturday). The class timings will be 5.00 - 5.45 hours IST (except for the day of the final examination).

Location: Room no :24

Course Fee: Nil

Eligibility: Mathematics Final year Students only

Signatures:

Committee of the Commit

CERTIFICATE COURSE(2019-20)

GRAPHS, SOLVING EQUATIONS WITH GRAPHICAL METHODS

Offered by

Department of Mathematics, Govt. Degree College(Men), Srikakulam

About the Course: Graph a system of two linear equations. Graph a system of two linear inequalities. Evaluate ordered pairs as solutions to systems. Determine whether an ordered pair is a solution to a system of linear inequalities. Classify solutions to systems Identify what type of solution a system will have based on its graph. The instructor ensures to cover the concepts in depth along with numerous excurptes to observe the usage and solution of linear and nonlinear inequality.

Number of Credits: No

Mode of Teaching: Offine

Course Contents; 1 Introduction to algebra, Linear equations, Functions, System of Linear Equations and Inequalities and Exponential and Logarithmic Functions 2 Graphing of Linear Equation in Two Variables With some examples 3. Graphing of linear inequalities with examples 4. Trigonometry

identities with graphs 5. Linear models with graphs. Quadratic models. Exponential growth and decay models.

References: 1 Linear and Nonlinear Systems of Equations by Alex Joujan.

2 Elementry Equations by L. Marecek & M.A.A.Smit.

Eligibility Criteria: Graduates

Fee Structure -NE-

important Dates

- Registration start date: 20/01/2020
- Last date for registration 31/01/2020
- Commencement of classes, 31/01/2020.
- Last date of the class work. 13/04/2020.
- Date of final examination, 18/04/2020.

Admission Procedure: Interested participants can complete the registration process through the following a registration forms for the above course is available at the department of Mathematics.

External candidates: GCMMAT03

Admission process for this course is on first-come-first- serve basis and the last date for registration to the course is 31/01/2020 (Friday)

Chass Duration: Classes will be held for 10 weeksstarting from 31/01/2020 (Finday). Every week classeswill be held on Monday, Wednesday, and Friday (except for the national holidays/festivals). Final examination willbe conducted on 18/04/2020 (Sunday). The class timingswill be 4.30 – 5.30 hours IST (except for the day of the final examination). Assessment: Assessment will be based on completion of assignments and performance in the test conducted at the end of the course. The participant must obtain at least 50% in the test to avail the course completion certificate.

General Instructions

- † Admission to the course can be obtained only through the offline mode. Personal requests to Admission Section or to the Department of Mathematics will not be considered.
- 2 For internal and external candidates, admission will be confirmed only after the scrutiny of the application
- 3 A minimum of 75% attendance is compulsory to take the examination. Attendance will be raviewed and notified.
- 4 Batch change will not be permitted. Participants enrolled to a batch have to complete the course in thesame batch
- 5. Those who are not able to clear the final examination we will not given certificate. A candidate has to clear the examination within three attempts.

Course Coordinator

Mr. Ch.Vijay kumar, Lecturer in Mathematics, Department of Mathematics.

GCMM01

GOVT.DEGREE COLLEGE(MEN), SRIKAKULAM CERTIFICATE COURSE

GRAPHS:SOLVING LINEAR EQUATIONS WITH GRAPHICAL METHODS

MAX.MARKS:50

2019-20

TIME:02 HOURS

SECTION A

- . Answer any FIVE of the following questions. ($5 \times 10 = 50$)
- (1) Sketch the graph of this function f(x) = |x-1|
- (2) Use geometry to find the area of the regions y = x and y = 2x²-x by using graphical method.
- (3) NOW SKETCH THE REGION BELOW THE LINE y = 2x 2, ABOVE THE x-AXIS, AND BETWEEN THE LINES x = 1 AND x = t. FOR SOME t > 1.
- (4) If R is the region bounded above by the graph of the function $f(x) = 9 (\frac{\pi}{2})^2$ and below by the graph of the function g(x) = 6 x, find the area of region R.
- (5) Draw the graph of the function $f(x) = \sin 2x$ in $x \in [0, \pi]$.
- (6) Draw the graph of the function $f(x) = x^2 2x + 1$ and find its zeros from the graph.
- (7) EXPLAIN TYPES OF THE POLYNOMIAL.
- (8) Draw the graph of the function $f(x) = \frac{2}{x-1}$.
