Increase the pollution day by day in all forms. The vehicles are contributing much to air and sound pollution. The vehicles that belong to the staff and students of our college are no exception to this. Avoidance of vehicles is an impossible task. So our college thought of contributing a little in our own way to reduce pollution.

→ It's resolved that the idea of making the college campus vehicle free zone for a day in a month. To keep the college campus free from sound and smoke at least for a day i.e. on every 3rd Saturday in a month.
