Event Organized Report

2021-2022

Name of Department/ Cell	Department of Microbiology
Name of Event Organized	Louis Pasteur Birthday Celebrations
Title of the Event	Celebrating the Contributions of Louis Pasteur
Date of Event Organized	December 29, 2021
Name of the coordinator of the Event	Dr. Ch. Shanthi Devi, Lecturer in Microbiology
No. of Participant(Student + Staff)	84
Name of the Expert with designation	---
Objective of the Event	To celebrate the birthday of Louis Pasteur and educate students about his groundbreaking contributions to the field of microbiology and science.
Description of the event	The Louis Pasteur Birthday Celebrations were organized by the Department of Microbiology on December 29, 2021. The event featured Dr. P. Surekha, Principal, as the chief guest, and was coordinated by Dr. Ch. Shanthi Devi, Lecturer in Microbiology. The celebration included a series of talks and presentations highlighting the life and scientific achievements of Louis Pasteur, particularly his discoveries in germ theory, pasteurization, and vaccination. The principal, Dr. P. Surekha, delivered an inspiring speech about Pasteur's contributions to science and his enduring legacy. The event saw the participation of 86 students, who engaged in discussions and activities designed to enhance their understanding of Pasteur's impact on

	microbiology and public health.
Out come of the Event	Participants gained a comprehensive understanding of Louis Pasteur's scientific contributions and their relevance to modern microbiology. The event inspired students to appreciate the importance of scientific research and its applications in improving public health. The celebration also fostered a sense of pride and motivation among students to pursue careers in scientific research and microbiology.
