Description of the event	<p>The World Population Day celebrations at Government Degree College for Men, Srikakulam, were organized by the Department of Economics on July 11, 2019. The event was graced by Prof. M. Sundara Rao from Andhra University, who served as the Chief Guest and Resource Person.</p> <p>Prof. M. Sundara Rao delivered an insightful address, emphasizing the importance of World Population Day as a platform to focus on reproductive health issues that significantly impact the health and survival of women worldwide. He explained that this annual campaign aims to increase awareness and enhance the skills and knowledge of people globally regarding reproductive health and family planning. He highlighted key population issues, including the importance of family planning, gender equality, maternal and child health, poverty alleviation, human rights, and adolescent pregnancy. He encouraged students to be informed and proactive in addressing these concerns in their communities.</p> <p>Dr. M. Babu Rao, the Principal, also addressed the students, underscoring the significance of World Population Day in bringing global attention to demographic issues such as</p>

	<p>poverty, gender equality, maternal health, and human rights. He provided a brief history of the event, noting that it was first observed in 1990 and was established by the United Nations Development Programme in response to the interest generated by the Day of Five Billion on July 11, 1987. Dr. Babu Rao stressed the importance of raising awareness about these issues to ensure a sustainable and equitable future for all.</p> <p>The event also included discussions led by the department in-charge, Dr. D. Pydithalli, who reinforced the messages delivered by the speakers and encouraged students to engage actively in learning about population issues and their implications.</p>
Out come of the Event	<p>The World Population Day celebrations successfully raised awareness among students about critical global population issues. The event encouraged students to take an active role in promoting reproductive health, gender equality, and informed family planning practices, thereby contributing to the overall well-being of their communities.</p>
