CONSTRUCTION OF SOLID WASTE MANAGEMENT PITS

Department: NSS Units

Title of the Event: Construction of Solid Waste Management Pits in Adopted Village

Date: 21.08.2018

Coordinator: Sri. M. Pradeep

Participants: 27 NSS Volunteers

Chief Guest: Dr. M. Babu Rao, Principal, Government Degree College for Men, Srikakulam

Objectives:

The primary objective of this event was to construct **solid waste management pits** in the adopted village, thereby contributing to the village's sanitation and waste disposal system. This initiative aimed to promote environmental sustainability by educating the local community about proper waste management practices.

Description:

On **21st August 2018**, the NSS Units of the Government Degree College for Men, Srikakulam, organized the **Construction of Solid Waste Management Pits** in the adopted village. **Sri. M. Pradeep**, the event coordinator, led the team of **27 NSS volunteers** in the construction of these pits, which were designed to manage household waste effectively.

The event was honored by the presence of the **chief guest, Dr. M. Babu Rao**, Principal of the college. In his address, Dr. Rao highlighted the significance of solid waste management in maintaining a clean and healthy environment. He encouraged the volunteers to continue engaging in activities that contribute to the well-being of the community.

The volunteers actively participated in constructing the solid waste management pits in designated areas of the village. These pits will serve as a long-term solution for managing organic and biodegradable waste, helping to reduce the environmental impact of improper waste disposal. The project was well-received by the local community, who were also educated on the importance of separating waste at the source for effective management.

Outcomes:

The event successfully resulted in the construction of solid waste management pits, significantly improving the village's sanitation infrastructure. This initiative fostered greater awareness among the villagers about the benefits of proper waste disposal and waste segregation. The **NSS volunteers** gained valuable experience in community service and environmental management, strengthening their sense of responsibility toward ecological sustainability.
