## **CONSTRUCTION OF SOAKING PITS**

**Department:** NSS Units

**Title of the Event:** Construction of Soaking Pits in Adopted Village

**Date:** 12.07.2018

**Coordinator:** Sri. M. Pradeep

**Participants:** 24 NSS Volunteers

**Chief Guest:** Dr. M. Babu Rao, Principal, Government Degree College for Men, Srikakulam

### **Objectives:**

The objective of this event was to construct **soaking pits** in the adopted village as part of a larger effort to promote water conservation and improve sanitation. The initiative aimed to educate the villagers about sustainable water management practices and ensure proper drainage of household wastewater.

### **Description:**

On **12th July 2018**, the NSS Units of Government Degree College for Men, Srikakulam, organized the **Construction of Soaking Pits** in the adopted village. The event was coordinated by **Sri. M. Pradeep**, with **24 NSS volunteers** actively participating in the construction work.

The **chief guest, Dr. M. Babu Rao**, Principal of the college, graced the event with his presence and commended the volunteers for their dedication to improving the infrastructure of the village. In his address, he emphasized the importance of soaking pits in reducing water wastage and preventing water stagnation, which can lead to health hazards.

The volunteers, under the guidance of the coordinator, worked collaboratively to dig and construct soaking pits in strategic locations in the village. The soaking pits were designed to collect and manage excess water, ensuring proper percolation into the ground. The event not only contributed to the village's sanitation efforts but also educated the villagers on maintaining these pits for long-term benefits.

### **Outcomes:**

The construction of soaking pits was successfully completed, and the initiative significantly contributed to improving the **sanitation and water management** system of the village. The event raised awareness among the villagers about the importance of sustainable practices in managing household water.
