GOVERNMENT DEGREE COLLEGE (MEN) SRIKAKULAM.

BEST PRACTICES - 2021-2022

BEST PRACTICE-1
SHARE AND CARE

BEST PRACTICE-2
EACH ONE TEACH ONE

BEST PRACTICE -3
ENVIRONMENT AWARENESS
AMONG STUDENTS

Best Practice I

Title: SHARE AND CARE

Goal: Share and Care is aimed to reach the vulnerable masses in remote and rural areas and poor students through sharing some of their needs and caring for them. Share and Care is a mission to transform the lives of marginalized children, women and families living in poverty.

It sows the seeds of empathy and helps in building the social skills required for a well-adjusted adult. The habit of sharing is developed in the students.

Students need to learn to Share so that they can be cooperative, take turns, negotiate and cope with disappointment. It also teaches about compromise, compassion and fairness.

Context: Share and Care is used in a social context to inculcate the social responcibility of caring marginalised and orphan children and oldage people.

Through Share and Care we develop the habit of showing love ,concern and care among the students towards neglected human beings which is given more priority than simply sharing little money.

Implementation: SHARE AND CARE is an activity through which voluntary donations were collected from staff and students on first Friday of every month and the amount is collected. The contribution is shared between the students and the society in a 50:50 (Student and society share) ratio which is resolved by the committee. Student share amount is utilized to meet the primary needs like purchacing books, uniforms and to encourage the students who excell in the sports. And the society share is utilized towards the needs of the poor, old orphans in oldage homes and orphanages.

Evidence of Success: The success of this practice can be evaluated by the over whelming response of the students and staff.

Problems Encountered and Resources Required: No problems are faced by the institution in the implementation of this noble cause. The funds required for the project are provided by the staff and students of the college.

Best Practice II

Title: EACH ONE TEACH ONE

Goal: Each One Teach One is a simple technique for Imparting small pieces of understanding to a group – one person at a time. Each student confronts new information, learns it and then is empowered to teach it to each other person.

To increase the adult literacy rate, our students are guided and motivated to basic learning need. Through this activity the energy of the students is channelized for social cause of communal harmony and participation in social activities.

Literacy is an essential skill towards better academic performance and socioeconomic success. Literacy is a source of empowerment, equity and opportunity to participate in civil activities.

Context: Each One Teach One is a motivation for the educated class to understand their moral and social responsibility to teach at least one illiterate person, makes a big difference in society. To inculcate the values for human service and the national integration among the students, they are inspired for the activities like adult literacy and social harmony.

Implementation: The college organizes the programme. In the programme 20 volunteers are involved. As a part of the activity this year we have extended the activity to the oldage people. The team analyses the challenges based on the action plans regarding adult literacy.

Step-1: Identifying the parents who are illeterates in the student community and developing the literacy rate.

Step-2: Extending the activity to the oldage people.

Step-3: Identifying the areas where there is low literacy rate and extending the activity.

Step-4: To teach the the utility of mobile phones to the adults.

Evidence of Success: The success of this practice can be evaluated by the over whelming response of the students.

Problems Encountered and Resources Required: No problems are faced by the institution in the implementation of this noble cause. The funds required for the project are provided by the college NSS units.
