

Best Practice II

Title: EACH ONE TEACH ONE

Goal: Each One Teach One is a simple technique for Imparting small pieces of understanding to a group – one person at a time. Each student confronts new information, learns it and then is empowered to teach it to each other person.

To increase the adult literacy rate, our students are guided and motivated to basic learning need. Through this activity the energy of the students is channelized for social cause of communal harmony and participation in social activities.

Literacy is an essential skill towards better academic performance and socioeconomic success. Literacy is a source of empowerment, equity and opportunity to participate in civil activities.

Context: Each One Teach One is a motivation for the educated class to understand their moral and social responsibility to teach at least one illiterate person, makes a big difference in society. To inculcate the values for human service and the national integration among the students, they are inspired for the activities like adult literacy and social harmony.

Implementation: The college organizes the programme. In the programme 20 volunteers are involved. As a part of the activity this year we have extended the activity to the oldage people. The team analyses the challenges based on the action plans regarding adult literacy.

Step-1: Identifying the parents who are illeterates in the student community and developing the literacy rate.

Step-2: Extending the activity to the oldage people.

Step-3: Identifying the areas where there is low literacy rate and extending the activity.

Step-4: To teach the the utility of mobile phones to the adults.

Evidence of Success: The success of this practice can be evaluated by the over whelming response of the students.

Problems Encountered and Resources Required: No problems are faced by the institution in the implementation of this noble cause. The funds required for the project are provided by the college NSS units.

Best Practice III

Title: Environment Awareness among Students.

Goal: To create awareness about the environment in general and problems being generated by the modern lifestyle and their remedies.

Context: The students are sensitized for protection of environment by involving them in activities like plantation, how to reduce the usage of plastic, quiz, practical solutions like, conservation of water by not wasting it during drinking and in toilets and laboratories, keeping lights and fans off when not in use, making the students aware about declining sex ratio due to activities like female foeticide and social problems like dowry, crime against women and sex discrimination, blood donation in camps and at the time of need. The main aim of the activities is to create a holistic environment for overall development of the students.

Implementation: To implement the above said initiatives the following activities are performed. Making competition on environment and rallies are organized against use of polythene bags and other environmental hazardous products. In the college the rain water harvesting systems have been installed to check the loss of rain water and recharge the ground water directly. N.S.S. volunteers of the college perform the activities like collecting road side polythene, plantations within the campus, cleaning roads and teach villagers to use smokeless fuel efficient chullahs. The students are advised and motivated to put off lights and switch off the fans when going out of class rooms and not to waste papers. In the college the plantation is done on the occasion of all the functions. After the plantation the plants are properly looked after by using tree guards. The students are also motivated and enlightened for conservation of water in the college as well as in their daily life. The N.S.S. units of the college organize seminars, extension lectures, rallies and other awareness programs on the issues like declining sex ratio, female foeticide, crime against women and sex discrimination.

Evidence of Success: The efforts done by the college in the above said aspects produce the students who excel in all the fields of society. The students become the best citizens, administrators, business men, lawyers, doctors, engineers, judges, politicians, academicians and military personnels. All these efforts have been done to inculcate the responsibility of being the good citizens of India. The evidence of success of our efforts is provided by the standing of our students in all the fields of life and in different professions.

Problems Encountered and Resources Required: In the implementation of this noble practice, no problem is faced by the institution. However, the college gets overwhelming response from the students. The resources are generated by the NSS units of the college and Ministry of Environment and Forest (Government of India).
