Brief Report	<p>Sanskrit is vital to Indian culture because of its extensive use in religious literature, primarily in Hinduism, and because most modern Indian languages have been directly derived from, or strongly influenced by, Sanskrit.</p> <p>Knowledge of Sanskrit was a marker of social class and educational attainment in ancient India, and it was taught mainly to members of the higher castes (social groups based on birth and employment status). In the medieval era, Sanskrit continued to be spoken and written, particularly by Brahmins (the name for Hindu priests of the highest caste) for scholarly communication.</p>
