## **ACADEMIC YEAR 2019-2020**

### **ACTION TAKEN REPORT**

The Internal Quality Assurance Cell (IQAC) of Government Degree College for Men, Srikakulam actively encourages all departments to solicit feedback on curricular aspects from students, employers, teachers, and alumni. The feedback addresses several critical areas, including syllabus content coverage, teachers' communication abilities, student-centric teaching strategies, availability and use of ICT facilities, relevance of course objectives to the course structure, and research orientation in course design.

Upon receiving this feedback, the IQAC Committee reviews and discusses it with the concerned departments. Based on these discussions, appropriate measures are initiated to enhance the institution's academic standards.

Overall, feedback from all respondents—students, employers, teachers, and alumni—has been positive across various aspects of the curriculum. Despite this positive reception, the college administration remains committed to continuously improving academic standards to ensure a better future for the students.
