Minutes of the meeting

The minutes of the meeting of the date 01-12-2022 at the Department of Mathematics for the 135th Ramanujan Birthday Celebration included discussions on event logistics, keynote speakers, and funding requirements, with a focus on ensuring a successful and memorable commemoration of the renowned mathematician's legacy. To discuss the following agenda.

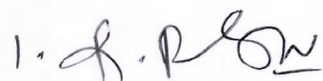

Agenda:

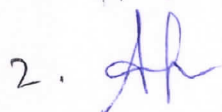

1. A brief welcome to all attendees and an overview of the meeting's objectives
2. To discussion of planned activities, such as lectures, workshops, exhibitions, etc.
3. If any other, with permission from chair.

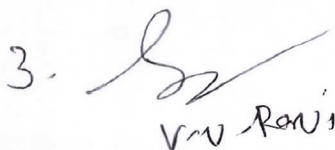

After a brief discussion on the agenda the following resolutions have been passed by the committee.

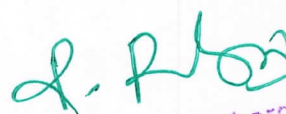

1. To seek permission from the principal to organise programme "135th Ramanujan Birth day celebrations" dated on 22-12-22 at Seminar Hall (Room no 24).
2. To prepare a circular and circulate it among all the classes.

Report

Govt. Degree College (Men), Srikakulam, celebrations aim at spreading awareness about the importance of mathematics and the contributions made by Srinivasa Ramanujan, in the field of mathematics.

OBJECTIVE:

- To make the students to know about great Indian Mathematician Srinivasa Ramanujan and his contributions to mathematics.
- To inspire students through autobiography of Mathematical genius Srinivasa Ramanujan.
- To promote learning beyond the classroom.
- To inculcate interest and research attitude towards mathematics.

BRIEF ABOUT THE EVENT:

The Indian mathematical genius Srinivasa Ramanujan was born on 22 December 1887. In recognition of his contribution to mathematics, December 22 has been declared as the **National Mathematics Day**. The declaration was made by Prime Minister of India, during the inaugural ceremony of the celebrations to mark the 125th birth anniversary of Srinivasa Ramanujan held at the Madras University Centenary Auditorium on 26 February 2012. Dr. Manmohan Singh also announced that the year 2012 would be celebrated as the National Mathematics Year.

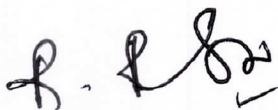

The Department of mathematics has a tradition of conducting mathematicians' birthdays so to inculcate interest and research attitude towards mathematics. In this regard Ramanujan's 135th birthday was celebrated on 22nd December 2022 by the department.

KEY NOTE: -

Smt. P. Surekha., Principal, Govt. Degree College (Men), Srikakulam was request to give a keynote address and spoke about the formation of National Mathematics Day by the Government of India and about Shri. Srinivasa Ramanujan talks for UG mathematics students. More than 90 students from the Srikakulam District participated in the program. She talks covered mainly about how Mathematics has evolved and how it is being implemented in all walks of life. Also, the Faculty of mathematics celebrates Ramanujan's birthday by conducting District Level Quiz, Puzzles, Oral & Poster Presentation competitions for Degree students and distributed prizes for winners.

5	key takeaway points from the event	Key takeaway points from the event of Ramanujan Birthday Celebration will depend on the specific details and outcomes of the celebration. However, here are some common key takeaway points that might apply: 1. Successful Celebration, 2. Theme and Activities, 3. The event successfully engaged the local community and brought people together to celebrate the legacy of Ramanujan, 5. Attendees gained valuable insights into Ramanujan's life and mathematical contributions through talks, workshops, or presentations. 6. Attendees left the event inspired and motivated to explore mathematics and Ramanujan's work further and finally we collect Feedback from attendees and participants, which may include suggestions for improvement or ideas for future celebrations. These key takeaways can vary depending on the specific objectives and outcomes of the Ramanujan Birthday Celebration. It's essential to document and discuss these points during or after the event to assess its impact and plan for future celebrations or related activities.				
6	Suggestions if any	Organize workshops or lectures focused on Ramanujan's mathematical contributions. These can be aimed at both students and adults, helping them better understand his work and its relevance. Host math competitions or quizzes related to Ramanujan's work. This can be a fun way to engage participants and test their mathematical knowledge.
