Brief Report	<p>The main objective of the World Telugu Congress is to gather representatives of Telugu people and fans of Telugu on one platform. These conferences will help us to discuss and decide on the work that Telugu people should do in the national and international cultural fields, thus bringing together different streams of consciousness and strengthening our cultural relations. Moreover, I believe that these congresses can unite the Telugu nation on the basis of warm sentiments and thus contribute to national progress.</p> <p>On April 12, 1975, the day of Telugu Ugadi, these conferences will be held for a week, and eminent persons from different countries, states and international organizations like UNESCO will participate as representatives or observers. During these conferences Programs like discussions Discussions are held on the culture of Telugu people in the country and abroad, the development of the era of Telugu language literature, scientific and technological progress, etc. An exhibition is being organized to showcase the cultural splendor of Telugu people from various angles.</p>
