Name of Department	Internal Quality Assurance Cell (IQAC)
Name of Event Organized	Workshop
Title of the Event	Demonstration of Department Website Uploading using Editor
Date of Event Organized	22-07-2022
Name of the coordinator of the Event	Dr. R. Haritha
No. of Participant (Student +Staff)	20
Name of the Expert with designation	Smt. J. Sharmila, Lecturer in Computer Applications
Contact number & Address of the Expert	8341548582 Government Degree College for Men, Srikakulam
Objective of the Event	The primary objective of this workshop was to equip the technical teams from each department with the necessary skills and knowledge to effectively upload and manage the college website. By providing hands-on training and a thorough demonstration, the event aimed to ensure that each department could independently handle website updates and maintenance, thereby improving the overall efficiency and accessibility of information on the college website.
	The workshop, conducted by Smt. J. Sharmila from the Computer Science Department, focused on demonstrating the process of uploading content to the college website using a web editor. During the session, Smt. Sharmila provided a step-by-step guide on how to navigate the editor, upload various types of content, and maintain the website's structure and design. The participants, consisting

Description of the event	of technical team members from each department, were given hands-on practice to reinforce their understanding. The session included interactive Q&A segments, where participants could address specific challenges and seek solutions. This practical approach ensured that attendees gained confidence in managing their department's web pages independently.
Outcome of the Event	As a result of the workshop, the technical teams from various departments successfully uploaded content to their respective sections of the college website. The training enabled the participants to handle website management tasks more effectively, ensuring timely updates and accurate information dissemination. This improvement in website management is expected to enhance the online presence of the college, making it easier for students, staff, and other stakeholders to access important information and resources. The workshop fostered a sense of self-reliance among the departments, encouraging them to take active roles in maintaining their web pages and contributing to the overall digital infrastructure of the college.
