CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

AP MODEL SCHOOL, PAPHAPATNAM

The environment where we got internship was absolutely perfect with everything alright. I had very good relations with the school students, as an Intern trainee teacher.

The school Principle K.V. Ratha Kumari Madam had supported a lot to learn about the organization to enable us understand the nature of the school students.

The teachers made up learn about the teaching and the history of the school which dates back to the year. It had a large assembly stage to conduct programmes and to engage in the celebration of national festivals.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

Technical skills

1. Problem solving
2. writing
3. Conceptual skills
4. Public speaking
5. critical Thinking
6. communication skills

I have acquired many technical skills like project management, data analysis, technical writing, mathematics, problem-solving, conceptual, public speaking, critical thinking, scheduling, care taking etc.

During the internship I used to teach student with different mindsets. Hence, I learnt to deal with people. During teaching I have to explain the concept to be understandable to every student.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.)

MANAGERIAL SKILLS

1. Relationship Management
2. Planning
3. Critical Thinking
4. Resilience
5. Strategic Thinking
6. Effective communication
7. Patience

Good managerial skills are vital for the school to succeed and achieve its goals and objectives. Management and leadership skills are often used interchangeably as they both involve planning, decision-making, problem solving, communication, delegation, and time management.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

COMMUNICATION SKILLS

1. Listening
2. Non verbal communication
3. clarity and conclusion
4. Friendliness
5. confidence
6. Empathy
7. open-Mindedness

Communication is key in the classroom, successful teaching is generally considered to require only 50% knowledge and 50% communication skills. As a result, a teacher should be proficient in all four modes of communication - listening, speaking, reading and writing and should know how to utilise this proficiency effectively in a school environment.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

It improves your thinking, listening and speaking skills. It also liked my confidence. In part of my enhancing abilities. I improved my verbal communication, speaking skills in group discussions. Participation in teams made me how to solve the problems & decision making and it improved my personality assessment.

The aspects, we learnt during group discussions are verbal communication, decision making ability and co-operation between us was developed. We have been thrived a much in group discussion. As well as my contribution as a team member me to learn about understanding & improving in critical thinking and also leading a team.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

The effective use of digital learning tools in classrooms can increase student engagement, help teachers improve their lesson plans, and facilitate personalized learning. It also helps students build essential 21-century skills.

Built in report that 92% of teachers understand the impact of technology in education. According to project Tomorrow, 59% of middle school students say digital educational tools have helped them with their grades and test scores.

However, educational technology has its challenges parts early when it comes to implementation and use.
