### Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete 2 months (180 hours) of short-term internship either physically or virtually.
  2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
  3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements of transportation to reach the organization.
  4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
  5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the persons working in the organization and by consulting the supervisor attached to the interns.
  6. While you are attending the internship, follow the rules and regulations of the intern organization.
  7. While in the intern organization, always wear your College Identity Card.
  8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
- You will be assigned with a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
- Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
- Data and Information you are expected to collect about the organization and/or industry.
  - Job Skills you are expected to acquire.
  - Development of professional competencies that lead to future career success.
- Practice professional communication skills with team members, co-interns and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.

12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.
13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. **Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.**
15. At the end of internship you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

#### ACKNOWLEDGEMENTS

When in school every day and actually went to school and taught the children who & disciplined every day and treated students miserably. I checked about inner world. Jagadanna vidyakauba for every student in the school. I also had lunch & part of mid-day meal plan. Got pretty satisfaction for all the teachers in the school also teach very well. There are wise students. I taught religion & general knowledge I know. I taught religion, English, Mathematics and Environment science.

I was very satisfied that the above statement is true. but if you can punish me punish this is a real program. I. -  
I organized this program in my school at Billurade village. It's true.

Thanking you

## CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have only a one-page executive summary. It shall include one or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

In my opinion, a comprehensive report should be prepared on how the current education system will be implemented and how the education system should be the future by ~~thinking~~ teaching every single student in the school.

Also, I think that in the future employment opportunities will be available and be available in terms of education.

# WEEKLY REPORT

WEEK - 5 (From Dt..... to Dt.....)

Objective of the Activity Done:

I am very happy to teach students

Detailed Report:

All <sup>the</sup> students in the school are very active in listening. All students are studying well. The teachers in the school are teaching very well. I behaved respectfully with all the teachers and teaching all the students very happily. Also today was not selected for the school noon - noon scheme. Also the school midday meal is very good. Food that are high in nutrients. The school is also provided with government facilities also. The school has a head master and a teacher. This week also I teaching lessons on Telugu, English, MATHEMATICS, E-VIS and general knowledge in school with great satisfaction.

## CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, specialization, mutual support and teamwork, motivation, space and ventilation, etc.)

The facilities in the school are very good. So teachers also come to the school daily. All exams also well done. School starts at 8:30 in the morning and dismisses at very well.

Also all the children in the school were divided into groups and given special lessons. I think they still have a lot to learn on the day of the school today. The scheme has not yet been selected but the very boy thinking to some society.

Write the real time technical skills you have acquired (in terms of the job, good skills and hands on experience)

I want the school and prepared a  
that on how the present education system  
is and how the future education system  
could be the facilities in the school are  
very good. Also teachers also come to  
school daily. All programs are also well  
run.

I am happy to explore all stud-  
the school. By study in school I see  
possibility of getting employment opportunities  
the future and by saving cost what plan  
will be implemented in the future.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.)

My thoughts are that students should be a leader and divided him into groups and every each subject work hard so that they are understood I also play game for all the students every week and also got know the father of every students

I'm my opinions that should study in the future and get job opportunities soon

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

When I was not added into groups as a member of the group I handled each subject differently and efficiently. The facilities in the room to school activity all programs are also welcome.

I went to the school and prepared over all on how the present education system will be and how the future also looks also come to the school child all programs are also well come.

History and Tourism

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

I used to explain YouTube design to school student and through these lesson I tried to help them develop through in the technical knowledge.

I went to school every day and I told every day student how to create such development and I learned.

I am very happy to open YouTube to very students in the school and show the films in this video so that everyone can watch and.
