## CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

We really liked the environment of the Patha Patham Forest department. The officers were very friendly with us and showed our my discussed things forest with enthusiasm.

We didn't know what Forest department was before but after going there we got to know what the department is isn't the time there should be a environment be?

How would that department be? what are the intended consequences of them what is the purpose of them what does this department. Apart from us we also learned that we should educate the people around us that we should protect the we should protect the Forests.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

⇒ Forest law in AP. :-

The act provides for the transit possession of timber and other forest produce and regulation or prohibition of the occupation. Clearing, planting or breaking up of land for cultivation the cutting, sawing, conversion and removal of trees.

⇒ section 29 of the AP Forest act :-

Power to make rules to regulate the transit and possession of timber and other forest produce.

⇒ Andhra Pradesh Forest act 1967 :-

→ The act may be called the AP Forest act 1967

→ it extends to the whole of the state AP

Government may be notification in Andhra Pradesh gazette appoint

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

⇒ What are the skills I have learned in Forest department.

I learned that we need to protect rare species and animals. I learned that what kind of plants and trees to grow in hilly areas is good for the climate. I learned what kind of plant grows in what kind of according to type of terrain in terms of climate in our surrounding areas. I've also seen people their importance in protecting the best living that habits.

We have about the government laws regarding various of types of forests especially those who have missed and seized the forest or lands owned by the government or in the surrounding area.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

I chose to intern in Forest department because I want to know about nature and protect nature. In the period of this Internship I have learn many skills mainly communications skill.

In this Forest department they are conduct weekly seminars about Forest importance and activities name in this department.

I gave seminar about wild life protection act and about schedule and laws included in it. and particular weekly seminar and some team work like Nursery manging and field visiting.

And also I have learn and listen many speeches from friends and Forest Officers about Forest department.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

any filed work class i did were done as connected team work.

especially when going to a wedding, we all went as a group once we did a tree plantation.

while going to the postal area seeing area tried to remove the government owned trees like cases samvi, plan, which, grow according to the climate in the area and tried commercial trees.

also lets learn about various important aspect or technological development such as government forest and lands under the control of the forest department, what kind of area are by the forest what kind of environment on area what kind of partition are there etc.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

Intercity in Forest department is very useful for me it will help me a lot my a studies.

not only by the Forest department but we also have to protect the Forest or our surrounding area species of animals with our any harm to them.

if the food people is to continue without any food problems for our future generations. such as philosophy actions are very much needed by such departments.

Thanking you for successfully conducting this two months internship what your help and support that is to our officer who is successfully thought this course especially section range officer.
