Acknowledgements

I have taken pleasure in the project. However, it could not have been completed without the kind support and help of many individuals and organisations. I would like to extend my sincere thanks to all of them.

I am highly indebted to my guiding supervisor in economics for his guidance and constant supervision as well as for providing necessary information regarding the project and also for his supports in completing the project.

I am also gratefully to our principal and other teachers and non-teaching staff for their support for completing the project.

I would like to express my special tribute and thanks to village households giving such attention and time.

CHAPTER V COMMUNITY SERVICE PART

This represents the activities undertaken in the community concerning the community service project. This part could end by reflecting on what kind of values, life skills and life skills the student acquired.

In January, I started my community service project by going to the markets to help the elderly people. I went with the street vendor. Economic status of people. The study was on the first week. Survey of people in the first week. Did the survey for only 10 hours in my school.

In the fifth week, I enquired about the basis of in the final week. I had prepared the report of the survey. It suggested me the necessary connections. Also helped me in the knowledge writing.

CHAPTER OUTCOMES DESCRIPTION

Details of the Socio-Economic Survey of the Village/Habitation Attach the questionnaire prepared for the survey.

① Social Status of Families details :

* Caste : SC Nil SI - Nil BC SC or others

* Religion : Hindus - 50 Christians Nil Muslims Nil

* No. of Males : 25 Females : 25

* No. of Literates : 20-17% No. of illiterates : 25-83%

* No. of Graduate : - 10

* No. of Job holders :- 5

* No. of PH people :- Nil

② Economics status of the sample households :

* category of houses : Hut - Nil Semi pucca :- Nil

Pucca - 50 Apartment - Nil Bungalow - Nil

* own houses :- 20 Rented :- Nil

* source of drinking water : govt taps :- Nil
own - 20

* Agricultural holding families - 20

Page No:

Describe the problems you have identified in the community.

In the village where the drainage problem is, all roads are subjected to contamination because of the waste from machines the drainage system is at the center of the village so, contamination and also is that dangerous disease spread.

The drainage system never coming in the village and therefore the waste water from every households flows into the main road which causes major problems to the vehicles and by reasons i.e. even cars.

Some streets of my village have cement roads but some of them don't. At the time of rainy days, it becomes very difficult to walk on these roads these roads become very very dirty and it becomes difficult for even vehicles too to travel and go into the village.

Page No:

Short term and long-term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

- * There is waste collection center in my village that should be implemented.
- * Village people not allow their surroundings for contamination of water.
- * Drainage idea should be implemented by the village government.
- * Several schemes of the Government exists there fore village people has to follow the schemes.
- * People has to follow the waste management methods.
- * Wastage from the houses should be carefully collected.

Page No:

Description of the Community awareness programmes conducted in the
problems and their outcomes.

There were several awareness programmes that were carried out by the government in the area. Also they are implemented at the level of the members of village secretariat. The programmes are Swachh Bharat Mission, Every home, every drop, Sanitation campaign.

The outcomes that were achieved by the people are as follows: no further drinking water, sanitizing of all food contact surfaces and utensils, good basic home keeping and maintenance and people are bound to this.

There are also several other programmes which are initiated by the government of India and it also carries out at the union level of India. It also gives financial aid to people who can get their lives better by maintaining sanitation and drinking.

Report of the mini-project work done in the related subject with the habitation/village.

A mini-project work in the related subject with the habitation/village (Rural) -
A student of Botany may do a project on Organic Farming or Fertilizers or use of
Insecticides or effect of the inorganic pesticides, etc. A student of
Zoology may do a project on Aquaculture practices or animal husbandry or poultry
or health and hygiene or Blood group analysis or survey on the prevalence of
surveys on the prevalence of diabetes, etc.

The Report shall be limited to 8-10 pages.

The mini-project assigned to me in the survey on the eye sight capability of persons in the study area for that purpose we took a road board and attached a white chart paper on it the chart paper was filled with the alphabets and numbers.

I have ensured that distance between the road board and the person is 6 meters. I don't have eye lens glasses but I have noticed the size of letters that the person down the details in a tabular form have studied viz Small, Extra Small, Medium and Extra large.

Page No:

CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Recommendations :- The test for eight years old people in the study area was passed and it can be implemented in a better way. The board room better arranged the letters and the person and the card board is smaller than 6 meters. But the size of letters can be smaller in a more scientific way as in the hospital.

Conclusion :-

The report of the mini-project was written in a tabular form under headings. The size of the letters that they are capable to read at a distance of 6 meters in the mini-project is helpful to people to know their vision capability.

They can also approach the nearest doctor if they have any problem related to their eye sight. These services are also available through the government hospitals.

Internal Evaluation for the Community Service Project

Objectives:

- To facilitate an understanding of the issues that confront the underprivileged/marginalized sections of society.
- To initiate team processes with the student groups for societal change.
- To provide students an opportunity to familiarize themselves with the urban/rural community they live in.
- To enable students to engage in the development of the community.
- To plan activities based on the focused groups.
- To know the ways of transforming society through systematic programme implementation.

Assessment Model:

- There shall only be internal evaluation.
- The Faculty Guide assigned is in-charge of the learning activities of the students and for the comprehensive and continuous assessment of the students.
- The assessment is to be conducted for 100 marks.
- The number of credits assigned is 4. Later the marks shall be converted into grades and grade points to include finally in the SGPA and CGPA.
- The weightings shall be:

○ Activity Log	20 marks
○ Community Service Project Implementation	30 marks
○ Mini Project Work	25 marks
○ Oral Presentation	25 marks
- Activity Log is the record of the day-to-day activities. The Activity Log is assessed on an individual basis, thus allowing for individual members within groups to be assessed this way. The assessment will take into consideration the individual student's involvement in the assigned work.
- While evaluating the student's Activity Log, the following shall be considered -
 - a. The individual student's effort and commitment.
 - b. The originality and quality of the work produced by the individual student.
 - c. The student's integration and co-operation with the work assigned.
 - d. The completeness of the Activity Log.
- The assessment for the Community Service Project implementation shall include the following components and based on Weekly Reports and

Questions on Cleanliness and Sanitation

1. How do you feel that the cleanliness in your local environment? (A)
 - a) Good
 - b) Bad
 - c) Had
 - d) Very Good
2. What Kind Of Waste do you find in your local environment? (A)
 - a) Human Feces
 - b) Animal Feces
 - c) Stagnation Of Wastes
 - d) All Of these
3. After Cleaning The House what will you do the waste material? (C)
 - a) Throw on the Streets
 - b) Throw Outside of the House
 - c) Keep it in the dustbin
 - d) Keep it in the garden
4. How Many times in a week, the street dust bins are cleaned in Your Streets? (C)
 - a) Daily
 - b) Weekly
 - c) Twice In A week
 - d) Alternate Days
5. How the Waste materials are collected? (b)
 - a) Both Disposals and non - disposals waste
 - b) Different Dustbins are used to collect disposable and non-disposable waste
 - c) No Dustbin is Available in This Street
 - d) Waste Material Collected from the houses
6. What Kind of Toilets in Your Family? (b)
 - a) Public Toilet
 - b) Personal Toilet
 - c) Open Toilet
 - d) Sharing Toilet
7. Where do You get Drinking Water for your house? (CA)
 - a) Municipal Tap
 - b) Filtered Water
 - c) Pond
 - d) Well
8. What Form of Drinking Water Are You Using? (b)
 - a) Boiled Water
 - b) Filtered water
 - c) RO Treated Water
 - d) Origina Form
9. Where will you keep the water and cooked food? (A)
 - a) Open Environment
 - b) Protected Environment
 - c) Semi Protected Environment
 - d) Either b or c
10. Which Of the following Diseases are spread by not maintaining Cleanliness and hygiene? (C)
 - a) Cholere
 - b) Hepatitis B
 - c) Dengue
 - d) All of These
