SHORT-TERM INTERNSHIP (On-Site/Virtual)

Designed & Developed by

**ANDHRA PRADESH
STATE COUNCIL OF HIGHER EDUCATION**

(A STATUTORY BODY OF GOVERNMENT OF ANDHRA PRADESH)

Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete 2 months (180 hours) of short-term internship either physically or virtually.
2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements of transportation to reach the organization.
4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the persons working in the organization and by consulting the supervisor attached to the interns.
6. While you are attending the internship, follow the rules and regulations of the intern organization.
7. While in the intern organization, always wear your College Identity Card.
8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
9. You will be assigned with a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
10. Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - Data and Information you are expected to collect about the organization and/or industry.
 - Job Skills you are expected to acquire.
 - Development of professional competencies that lead to future career success.
11. Practice professional communication skills with team members, co-interns and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.

12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.
13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. **Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.**
15. At the end of internship you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

Day - 1	Reality Clasring of Inputs Supplied to farmers.	farmers can opt to Buy from a retailer in the nearby town.	J. David
Day - 2	Soil Testing procedure and its importance.	The test is used to mimic the function of roots to Assimilate minerals.	J. David
Day - 3	Sustainable Agriculture and its Importance.	An eco-friendly approach that reduces the reliance on limited Natural resources.	J. David
Day - 4	Importance of Soil Health	Soils Supply the sole Nutritious elements Oxygen and root support that.	J. David
Day - 5	major Challenges faced by farmers in Agriculture.	limited knowledge and insufficient Infrastructure.	J. David
Day - 6	Mechanization in Agriculture and its Importances.	The inputs used in crops production thereby also increasing the productivitY.	J. David

WEEKLY REPORT

WEEK - 4 (From Dts. 4/09/2023 to Dts. 8/09/2023)

Objective of the Activity Done:

Detailed Report:

- 1, To ensure quality inputs for farmers concept to buy from a retailer in the nearby town. They may not be able to obtain inputs on credit without a reference from the market immediately.
- 2, A soil test can determine fertility or the expected growth potential of the soil which indicates nutrient deficiencies, potential toxicities from excessive fertility. The test is used to minimize the function of roads to assimilate minerals.
- 3, Sustainable agriculture is an eco-friendly approach that reduces the reliance on limited natural resources. Its careful farming methods, such as crop health rotation, intercropping and companion planting helps soil.
- 4, Indeed, soil quality is directly linked to good quality and quantity soils supply the essential nutrients, water oxygen and root support that our food-producing plants need to grow their flourish. They also serve as a buffer to the protect.
- 5, The present challenges that plague India Agriculture are limited knowledge and that insufficient infrastructures especially in rural.

ACTIVITY LOG FOR THE FIFTH WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	what is MSP [minimum Support price] and its importance.	MSP is main Imp topic in upsc Examination.	<i>D. J. Devaraj</i>
Day - 2	paddy procurement through RBIs.	The farmers are paid for paddy they have sold at msp through the pay	<i>D. J. Devaraj</i>
Day - 3	what is Irrigation and types of Irrigation.	furrow, Border, Strip and Basin Irrigation are three types of surface	<i>D. J. Devaraj</i>
Day - 4	Importance of Extension in Agriculture.	Analyzing farming methods and food production methods enhances Safety.	<i>D. J. Devaraj</i>
Day - 5	Agriculture research station in Srikakulam the district Roles of Scientists in Agriculture.	Analyzing the farming methods and food production methods to enhance Safety and.	<i>D. J. Devaraj</i>
Day - 6	Green manure crops and its importance for Improving soil health.	Building soil organic matter and soil structure.	<i>D. J. Devaraj</i>

WEEKLY REPORT

WEEK - 5 (From Dt. 20./09/2023 to Dt. 27/09/2023)

Objective of the Activity Done:

Detailed Report:

- 1, minimum support price [MSP] in the minimum price set by the government for certain agricultural products which the product would be directly bought from the farmers if the farm market prices are below the cost incurred. This is an important topic for UPSC Exam. The farmers are paid for the paddy they have sold at MSP through.
- 2) The farmers are paid for the paddy they have sold at MSP through AIC plough. Chemical the paddy is shifted into jumbo bags. Each jumbo bag is 40 kg sent to the millings.
- 3, with a drainage over the surface of agricultural field and soil infiltration over the surface of agricultural field in surface irrigation the system to maintain it and permeable into the soil.
- 4, it provides information to farmers and passers to the farmers New India developed by Agricultural Research Stations Agricultural Extension programmes covers broad area including Improved crop varieties, livestock control, improved water management and the control to weiche pests or plant diseases.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

The officials are general such as we are received very passionately. They are very sincere in their jobs. They conducted nice very peaceful family. This introduction which is very softly. They are very educational. They tell us how to assertive knowledge and how to plan your life. The MAAB office is at another of the city. The surroundings are cultivated like nursery. The all facilities are available for the Agriculture office. They are very loved their jobs. They are sincerely tries complete their tasks in time. The MAO sir is very despicic in doing in doing his, he is teach like very well, not only the subject he is Teacher for our lifes and how to acquire knowledge. They are specially focused on our Internships programs. He explain about Time management time is very Speciar in our liter machan also teacher very well she lens all over the department. Bieachey and subjects in that the officials are have at the good mutual understanding. Their team work is good for completing their task that members received any thing like friendly.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

To become an agricultural official you must also have hard skills such as technical knowledge, crop management, farm operation and management, and financial planning skills. We acquire how to motivate farmers for best cropping technologies and pest resistant crops for best yielding we can again some knowledge on agriculture, how to manage crop, and best technologies on pest resistance we acquire skills like problem-solving interpersonal from management and organisational skills - are all important for successful farming. You apply these abilities in various situations, including managing farmhands, cultivating crops and fixing machinery we are learn from them how to help to develop and implement strategies to improves productivity and sustainability in agriculture with the aim of ensuring food security for the country. They teaches and education farmers on soil and water conservation technologies through implementation of watershed projects that undertaking measures to provide agricultural credit crop insurance and helps the farmers.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

Management skills are abilities and traits needed to perform certain duties usually as it pertains to overseeing a team such as solving problems, communicating well, and motivating employees. Such skills can be learned through practical experience, or in courses and then honed on the job we have to know how to motivate our team members in critical situations. How to solve some problems, how to behave with team members, how to plan, achieve and complete our tasks in time. How to perform good leaders in teams if means we can easily manage the managerial skills - are acquire in our daily life. Also we faced many challenges we can sometimes easily solve we are planning for goals in certain time period time management is the very important for leader do not show parvenuity for those persons our behavior with team members is very important for team work. we can take a decision we can discuss with our team members is good

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

I'm reducing my speaking speed Because They can understand easily, speak softly and slowly with respect, They can automatically attracts our speaking skills and oral communication. Our body language is very important for communicate with others, mostly I'm improve my listening skills it also develops our oral communication and develops our body language we can improve written communication as review grammar and spelling bases real what you want to write profread. Get feed back etc.. The first step in improving our speaking skills is actually working on your listening it can improve little bit our the communication skill. Speak with confident and it refers a good mannering Great with good less it can gain good impression for you from other people understand others feelings listen what they are said then they also give some respect for you automatically Greeting longer and Appreciating others are giving goods.

Describe how could you enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

The aspects which make up a group discussion

- Are verbal Communication Non-verbal Behaviour and Conformation to norms, decision-making
- Ability and cooperation . i.e Are soft skills
- in group discussion
- To be an active listener
- Identifying the main ideas being discussed
- (how good ideology Listen with open mind)
- Testing my understanding , Asking myself questions as listen having a clear objective
- And getting leadership skills - Team participation is primarily about communicating with your teammates and then executing what you have communicated participation is the key to learn results leadership activities include events, games and training to teach teams and leaders to be better leaders.
- The exercises develop leadership skills like problem solving, better communication, decision making and observation skills.
- A team leader is a professional in charge of guiding, monitoring and leading an entire group. They can work together toward achieving goals.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

We are Trained at the Agriculture department of MAO office. At the office digital technology that Computer facility and wifi facilities are arranged. They have a protocol. They have the face attendance when they are present in office. They are works in online for work progress. They are working in computer for data Analyzing. Here are change digital is bringing the days. Job roles: 1, you will need new skills, and will be exposed to opportunities for new skills. Digital skills and technologies the demand range of skills from Cloud Architecture to Social media. many occupations such as scientists now require some level of their programming skills. Digital technology enables the storage of massive amounts of in Information in relatively small spaces. Large amounts of media such as photos, music, videos, contact, knowledge and other reports can be carried around on small devices like mobile phones. They can improve your the confidence to use technology for work the learning and daily life.

Evaluation by the Supervisor of the Intern Organisation

Student Name & Registration No: SAVARA. RAVINDRA KUMAR - 2122001066045

Term of Internship: From 18/08/2023 To 30/09/2023

Date of Evaluation: 30/09/2023

Organization Name & Address: Agriculture (Rythu Bharosa Kendra) Srikakulam

Name & Address of the Supervisor: Bhyri, Cn. Prasad Srikakulam
with Mobile Number: 9705687853 Bhairi

Please rate the student's performance in the following areas:

Please note that your evaluation shall be done independent of the Student's self-evaluation

Rating Scale: 1 is lowest and 5 is highest rank

1) Oral communication	1	2	3	✓ 4	5
2) Written communication	1	2	3	✓ 4	5
3) Initiative	1	2	3	✓ 4	5
4) Interaction with staff	1	2	3	✓ 4	5
