SHORT-TERM INTERNSHIP (On-Site/Virtual)

Designed & Developed by

**ANDHRA PRADESH
STATE COUNCIL OF HIGHER EDUCATION**

(A STATUTORY BODY OF GOVERNMENT OF ANDHRA PRADESH)

Program Book for Short-Term Internship

Name of the Student: Savana Vazeji

Name of the College: GOVERNMENT DEBRIE College (MAN)

Srikakulam.

Registration Number: 22200106651

Period of Internship: From: 18/8/2023 To: 30/9/2023

Name & Address of the Intern Organization: Agriculture department of
Mandali Wysavay Sahu Mandali Srikakulam

Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete 2 months (180 hours) of short-term internship either physically or virtually.
2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements of transportation to reach the organization.
4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the persons working in the organization and by consulting the supervisor attached to the interns.
6. While you are attending the internship, follow the rules and regulations of the intern organization.
7. While in the intern organization, always wear your College Identity Card.
8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
9. You will be assigned with a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
10. Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - Data and Information you are expected to collect about the organization and/or industry.
 - Job Skills you are expected to acquire.
 - Development of professional competencies that lead to future career success.
11. Practice professional communication skills with team members, co-interns and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.

12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.
13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. **Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.**
15. At the end of internship you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

ACKNOWLEDGEMENTS

My agriculture management skill on BSc Agriculture Subjects are plant-genetics Agriculture Meteorology food. technology Agriculture, Agronomy Animal husbandry. Entomology. Expression. of Agriculture, Genetics Soil Science etc.

It provides, Employment opportunity to the rural, agriculture as well as non, agriculture labourers Important role in International Business in import and export activities

India is geographically a vast country so it has various food and non food crops. are cultivated, in three main cropping seasons, which are Kharif, Rabi and Zaid food crops - rice wheat millets maize and pulses Cash crops Sugarcane oilseeds Horticulture crops Tea Coffee Rubber, cotton and Jute etc. In ap rice cotton, groundnut pigeon pea sunflower, black gram and Sorghum..

S. Vasugiri

CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have only a one-page executive summary. It shall include five or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

in agriculture department main role teaching farmers, advising farmers to farm the new techniques of agriculture, giving good manures and fertilizers. the course is aiming to now to interaction with farmers. How to giving advise to farmers to farming in a good manner.

out comes:

To given basic knowledge of seed selection To give advise for agricultural mechanization.

Learning outcomes:

I have learned and helped me during the intern with group discussion. without patienca we cannot handle and expbin theme to farmers.

CHAPTER 2: OVERVIEW OF THE ORGANIZATION

Suggestive contents

- A. Introduction of the Organization
- B. Vision, Mission and Values of the Organization
- C. Policy of the Organization, in relation with the intern role
- D. Organizational Structure
- E. Roles and responsibilities of the employees in which the intern is placed.
- F. Performance of the Organization in terms of turnover, profits, market reach and market value.
- G. Future Plans of the Organization.

Introduction of the organization:

My organization is agricultural department that
mandala vyasaaya salaba mandali [MAAB] Patasa Srikakulam
Nandal. The head of the department is MAO Sir Madam
~~Plaxad~~ Sir. SMT Ushakumari

Vision mission and values of the organization:

the organization mission provides every forme to give
seeds. and agriculture mechanization.

future plans of the organization:

they are aim to build a great agriculture
development in india and good mecbantion
techniques for agriculture.

CHAPTER 3: INTERNSHIP PART

Description of the Activities/Responsibilities in the Intern Organization during Internship, which shall include - details of working conditions, weekly work schedule, equipment used, and tasks performed. This part could end by reflecting on what kind of skills the intern acquired.

Internship and its importance:

in internship is a period of work experience offered by an organization for a limited time period.

the students will get benefits from these placements because they often recruit employees from their best intern placement.

skills acquired during internship:

I will get to learn a lot of agricultural skills.

now to interact with farmers.

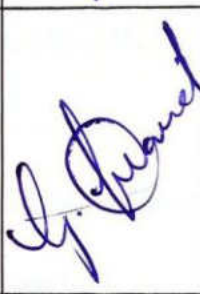

positive attitude.

Creativity.

oral communication.

search my self.

ACTIVITY LOG FOR THE FIRST WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	What are the main topics in agriculture and subsects or agriculture.	Ploughing, sowing, transplantation etc.	
Day - 2	Main seasons of agriculture	Kharif, Rabi and Zaid.	
Day - 3	Important crops grown in India and andhra pradesh.	Paddy, maize ground, rubber and cotton etc	
Day - 4	Polambadi and NFsm Schemes	Grow a healthy crop, conserval Enamig	
Day - 5	Green revolution and its importance.	dromatic incomes on incomes and food supplies	
Day - 6	struture of RBK? roles of RBK ? what are important roles of VAA?	they are one step adisary for farmers.	

WEEKLY REPORT

WEEK - 1 (From Dt. 19/8/2023 to Dt. 30/9/2023)

Objective of the Activity Done:

Detailed Report:

- ① They work to ensure high quality to crops by farmers. Agricultural officers are also responsible for ensuring that all agriculture operations and cashed crops comply with help outlet investment always and test agricultural goods.

- ③ Some of the important agricultural and allied sectors are fishery animal husbandry, milk production industries, dairy farming, horticulture the main sector department of agriculture and farmers welfare department of animal husbandry and dairying.
- ④ It is headed by Hon'ble minister of agriculture, assisted by an officer of the cadre of principal secretary (5) Agriculture encompasses crop and livestock production aquaculture fisheries and forestry for food and non food products.
- ⑥ India holds that ~~second~~ position world wide in terms of farm output Agriculture sectors 18.3% of the GDP 2020.

ACTIVITY LOG FOR THE SECOND WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	deported at MAO office and interactural with mandal agricultural officer	they work to ensure high auality in crops cultivated by farmers.	J. J. J. J.
Day - 2	Brief Explanation of internship by MAO sir	An internship gives a student the opportunity for career exploration and skills.	J. J. J. J.
Day - 3	Department of agriculture and allied sectors	allied sectors are fishery, animal husbandry, milk production industry, dairy farm etc.	J. J. J. J.
Day - 4	Hierachy of agriculture department	the hierachy is which gives the information of agricultural officers was.	J. J. J. J.
Day - 5	Basics of agriculture department	the basic agriculture basics are crop and live stock materials etc for food and non. food products.	J. J. J. J.
Day - 6	Statistics of agriculture in indian and world wide	Agriculture sector with statitcal data across the country	J. J. J. J.

WEEKLY REPORT

WEEK - 2 (From Dt..19/8/23 to Dt.30/9/2023)

Objective of the Activity Done:

Detailed Report:

- (1) while agriculture deals with all aspects, of crop cultivation horticulture deals with vegetables, trees, flowers, trees, shrubs, fruits and nuts.
- (2) the services sector accounts for 53.89% of total india's GVA of 179.15 lakh crore's indian rupees. while agriculture and allied sector share 20.19%.
- (3) with GVA of Rs. 46.44 lakh crore, the industry sector constitutes 25.92% while agriculture and allied sector share 20.19%.
- (4) National food security mission (NFSM) Rashtriya Krishi Vikas Yojana (RKVY) National Mission on oilseeds and oil palm (NMOPSP) supply of seed on subsidy to the farmer.
- (5) the farmer families who collectively own cultivate land will get a benefits who collectively own cultivate land will get a benefit of Rs. 13,500 per family per year including Rs. 6,000 from the PM Kisan in there installments, irrespective of the size of land holdings (6) fertilizers is a chemical substance that makes land and soil fertile for better growth of crops while pesticides are the chemical substance that protects the crop and land from Pests. But their excess usage has hardened the soil, reduced fertility.

ACTIVITY LOG FOR THE THIRD WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	What is MSP [Minimum support price] and its importance.	MSP is main imp topic in upsc examination.	U. J. J. J.
Day - 2	Paddy procurement through RBKs.	The farmers are are paid for Paddy they have sold at MSP through A/c pay	U. J. J. J.
Day - 3	What is irrigation and types of irrigation.	Furrow, border strip and basin irrigation are three types of surface irrigation	U. J. J. J.
Day - 4	Importance of extension in agriculture.	Provides information to farmers and passes to the farmer as new ideas developed agriculture research station	U. J. J. J.
Day - 5	Agriculture research station in Sukkulam district Roles of scientists in agriculture.	Analyzing farming methods and food production methods to enhance safety and crop yield.	U. J. J. J.
Day - 6	Green manure crops and its importance for improving soil health	Building soil organic matter and soil structure.	U. J. J. J.

WEEKLY REPORT

WEEK - 3 (From Dt. 20/9/2023 to Dt. 30/9/2023.)

Objective of the Activity Done:

Detailed Report:

- (1) Minimum support price [MSP] in the minimum price set by the government for certain agricultural products at which the producers would directly be bought from the farmers is the open market price are less than the cost incurred this is an important topic for UPSC exam
- (2) When farmers are paid for the paddy they have sold at MSP through A/c paper check the paddy is stuffed into gunny bags each gunny bag is taken into the milling
- (3) Water travels over the surface of agricultural fields in surface irrigation systems to moisten it and percolate into the soil (4) It provides information to farmers and passes to the farmers new idea developed by agricultural research stations, agricultural extension programmes over a broad area including improved crop varieties, better pest control, improved water management, and the control of weeds, pests or plant diseases
- (5) Through research, an agricultural scientist work on new and innovative ways to increase the quality of food grown and supplied.
- (6) Green manures are crops grown within a rotation for the purpose of building soil organic matter and soil structure supplying nitrogen and other nutrients for a following crop. preventing leaching of soluble soil

ACTIVITY LOG FOR THE FOURTH WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	Quality checking of inputs supplied to farmers.	farmers can opt to buy from a retailer in the nearby town	Ly. Juand
Day - 2	Soil testing procedure and its importance.	the test is used to mimic the function of roots to assimilate minerals.	Ly. Juand
Day - 3	Sustainable agriculture and its importance	An Eco friendly approach that re- uses the natural on limited resources.	Ly. Juand
Day - 4	Importance of soil health	Soils supply the Essen- tial nutrients, water, oxygen and root sup- port that are food producing plants	Ly. Juand
Day - 5	main challenges faced by farmers in agriculture	limited knowledge and insufficient infrastructure.	Ly. Juand
Day - 6	Mechanization in agricul- ture and its importance.	the inputs used in crop production thereby also in- creasing the productivity of crops.	Ly. Juand

WEEKLY REPORT

WEEK - 4 (From Dt...21/8/2023 to Dt...28/9/2023)

Objective of the Activity Done:

Detailed Report:

- (1) To Ensure quality inputs, farmers cannot to buy a retailer in the nearby town. However, they may not be able to obtain inputs on credit without a reference from the manut immediately.
- (2) A soil test can determine fertility, or the expected growth potential of the soil which indicates nutrient deficiencies. Potential of the soil which indicates nutrient deficiencies. Potential toxicity from excessive fertility the test is used to mimic the function fertility. the test is used to mimic the function of soil to assimilate minerals.
- (3) sustainable agriculture is an eco-friendly approach that reduces the reliance on limited natural resources. its careful farming methods, such as crop rotation, intercropping and companion planting helps soil.
- (4) Indeed, soil quality is directly linked to food quality and quantity. soils supply the essential nutrients, water, oxygen and root supply that essential nutrients. as our food producing plants need to grow flourish they also serve as a buffer to protect.
- (5) the present challenges that plague indian agriculture are limited knowledge that plague indian agriculture are limited infrastructure.
- (6) Agricultural mechanization is crucial in the agricultural sector as it contributes towards improving.

ACTIVITY LOG FOR THE FIFTH WEEK

DAY & DATE	BRIEF DESCRIPTION OF THE DAILY ACTIVITY	LEARNING OUTCOME	Person In-charge Signature
Day - 1	Agriculture and Horticulture	agriculture is crop cultivation. Horticulture deals with trees shrubs, flowers, fruits and plants.	Dr. J. S. Dhand
Day - 2	What is GDP and the contribution of agriculture to GDP.	while agriculture and allied sector share 20.19%.	Dr. J. S. Dhand
Day - 3	Agriculture sector and its contribution to the GDP.	while agriculture and allied sector share 20.19%.	Dr. J. S. Dhand
Day - 4	scheme implemented by state agriculture department and central govt.	AP Rythu Paksha Scheme and PM Kisan.	Dr. J. S. Dhand
Day - 5	Benefits received by the Farmers from state government and central government.	So many benefits are taken by the farmer families in annum.	Dr. J. S. Dhand
Day - 6	Importance of fertilizers and pesticides in agriculture and their ill effects.	fertilizers have beneficiary things other wise they can ill for soil health.	Dr. J. S. Dhand

WEEKLY REPORT

WEEK - 5 (From Dt. 22/8/2023 to Dt. 30/9/2023)

Objective of the Activity Done:

Detailed Report:

(1) The major BSc agriculture subjects are plant genetics, Agricultural meteorology, food technology, Horticulture, Agronomy, Animal husbandry, Entomology, Extension of agriculture, Genetics, soil, science etc.

(2) It provides of agriculture employment opportunity to the rural agricultural as well as non agricultural labourers. Important role in international business in import and export activities. (3) India is geographically a crops are kharif, rabi and Zaid, food crops like wheat, millets, Maize and pulses. Cash crops - sugarcane, oilseed, Horticulture crops, tea, coffee, Rubber cotton and Jute etc. in apria, cotton groundnut, pigeon pea, sunflower, black gram and sorghum (4) the main principles of Pdam badi are (1) Grow a healthy crop, (2) Conserve Natural Environments (3) Conducts regular [weekly] field observation (5) the green revolution had had a dramatic impact on incomes and food supplies in many developing countries. (6) The RBKS are unique seeds to sales, single window service centres for farmers that have been set up across the state, To make available quality agri inputs, farm implements fish feed, cattle feed.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

The officers who interact with us are received very positively. They are very sincere in their jobs. They interacted like very peacefully. Their introduction with us very softly. They are very educated. They tell us how to acquire knowledge and how to plan your life. The MAAB office is at centre of centre of the city. The surroundings are cultivated like nursery. The all facilities are available for the Agriculture office. They are very loved their jobs. They are sincerely tries complete. Their tasks in time. The MAO sir is very discipline in doing his job. He is teach like very well. Not only the subject he is teach like very well. Not only the ~~for~~ for our lives and how to acquire knowledge. They are specially focused on our internship programme. He explain about time management. Time is very precious in our life. Madam also teaches very well. She tells all over the department hierarchy and subjects in that the officers are have the good mutual understanding. They are have the good mutual understanding. Their team work is good for completing their their tasks immediately. Madam received and thing like friendly nature in short term we are very closely interacted with the.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

to become an agricultural officer. you must also have hard skills such as technical knowledge, crop managerial planning skills, we require how to motivate farmers for best cropping technologies and pest resistant crops for best yielding we can gain some knowledge on agriculture, how to manage crop, and best technologies on pest resistance we acquire skills like problem-solving interpersonal farm management and organisational skills are all important for successful farming you apply those abilities in various situations, including managing farming you apply these abilities in various situations, including managing farm lands, cultivating crops and fixing machinery we learn from them how to help to develop and implement strategies to improve productivity and sustainability in agriculture with the aim of ensuring food security for the country. they teach and educate farmers on soil and water conservation technologies through implementation of watershed projects. undertaking measures to provide agricultural undertaking measures to provide agricultural credit, crop insurance and helps the farmers in getting remunerative returns for their produce.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

Management skills are abilities and traits needed to perform cellation duties, usefully as it pertains to overseeing a team, such as solving problems communicating well, and motivating employees such skill can be learned through practical experience or in courses and then honed on the job. We have to know how to motivate our team members in critical situations. How to solve some problems. How to behave with team members. How to plan achieve and complete our tasks in time. How to perform as a good leader in team it means we can easily manage the managerial skill are acquire in our daily life also we faced many challenges we can sometimes easily solve. We are planning for goals in certain time period. Time management is the very important for leader. Do not show partiality for those persons our behaviour with team members is very important for team work. We can take a decision we discuss with our team members is good.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

I am reducing my speaking speed because they can understand easily. Speak softly and slowly with respect, they can automatically attract our body language is very important for communication with others. Mostly to improve my listening skills it also develops our oral communication and develops our body language we can imitate our and spelling basics. Read what you want to write. Proffered GCR feedback the first step in improving our speaking skills is actually working on your listening it can improve little bit our communication skill speak with confidence and it reflects a good manner. Greet with good words it can gain good attention for you from other people understand others feelings, listen what they are said, then they also give some respect for you automatically. Greeting, thanking and appreciating others are gain good relationships.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

The aspects which make up a group discussion are verbal communication, non verbal behaviour, and conformity to norms, decision-making ability and cooperation. We can enhance abilities in group discussion by being an active listener identifying the main ideas being discussed in a identifying the main ideas being discussed, know good ideology, listen with open mind testing my understanding, asking myself questions as i listen. Having a clear objective and getting leadership skills. Team participation is primarily about communicating with your teammates and then executing what you have communicated participation is the key to team results, leadership activities include events, games and training to teach teams and leaders to be better leaders. The exercises develop leadership skills like problem-solving better communication. A team leader is a professional in charge of guiding, monitoring, and leading an entire group they can work together toward achieving goals.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

We are trained at the agriculture department of MAO office. At the office digital technology that Computer facility and wifi facilities are arranged. They have a portal. They have present in office. They are works in online for work progress. They are working in Computer for data analyzing. There are changes digital is bringing to today's job roles: (1) you will need new skills, and will be exposed to opportunities for new skills. Digital skills and technologies for new demand range of skills, from cloud architecture to social media. many occupations. Such as Scientists, now require some level of programming skills. Digital technology enables the storage of massive amounts of information in media. Such as photo, music, videos. Contact knowledge and other reports can be carried around on small devices like mobile phones. They can improve your confidence use technology for work, learning and daily life.

Student Self Evaluation of the Short-Term Internship

Student Name: & Registration No: Savara, Varugiri 2022001066051
 Term of Internship: From 18/8/23 30/9/2023
 Date of Evaluation: 30/9/2023
 Organization Name & Address: Agriculture Department Ssribabulam
 Name & Address of the Supervisor Bhysri G. prashadh Bhysri
 with Mobile Number: 9705667853

Please rate your performance in the following areas:

Rating Scale: Letter grade of CGPA calculation to be provided

1) Oral communication	1	2	3	4	5
2) Written communication	1	2	3	4	5
3) Initiative	1	2	3	4	5
4) Interaction with staff	1	2	3	4	5
5) Attitude	1	2	3	4	5
6) Dependability	1	2	3	4	5
7) Ability to learn	1	2	3	4	5
