Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete 2 months (180 hours) of short-term internship either physically or virtually.
2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements for transportation to reach the organization.
4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the people working in the organization and by consulting the supervisor attached to the interns.
6. While you are attending the internship, follow the rules and regulations of the intern organization.
7. While in the intern organization, always wear your College Identity Card.
8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
9. You will be assigned a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
10. Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - a. Data and Information you are expected to collect about the organization and/or industry.
 - b. Job Skills you are expected to acquire.
 - c. Development of professional competencies that lead to future career success.
11. Practice professional communication skills with team members, co-interns, and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.
12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.

Page No:

13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.
15. At the end of internship, you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during the internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have only a one-page executive summary. It shall include five or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

The organization that I had choose is Kanimetta ward sachivalayam. The agenda of this organization is to serve the people of the Kanimetta village sachivalayam. The Government of andhra pradesh has released some schemes to the sachivalayam to implemented in the SriKakulam. The one the service persons in this organization are allocated some particular sectors to do. There are total nine sectors under head of the organizations -

Page No:

The above figure explains that the people whole team was led by the head of the organization.

Gamma ward Secretary who is named is where I had worked. I observed many qualities in him like leadership, time management and negotiation skills regarding the disassion with their organization members. The whole team working with the unity and determination hence, are no distractions among them. After that the most hard worker behind the ward Secretary is ward Education & data processing. The whole data gathered at a place via is ward Education & data processing is entered into computer and hence it is easy to access their ward detail in instant time.

CHAPTER 2: OVERVIEW OF THE ORGANIZATION

Suggestive contents

- A. Introduction of the Organization

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

A work environment in job description by creating an accurate picture of what potential employee can expect by explaining your company's core value and the experience of current employees. Positive working environment provides several benefits for both employee and employer. Having a positive working environment is a great way to increase your work output. When you are more productive and more equipped to complete your tasks efficiently, this can also help you become a better employee which leads to raises and promotions.

A positive working environment has a clean atmosphere that leads to great productivity. When you are able to work with minimal distractions, you're more likely to stay on task and accomplish more of your duties responsibly.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

Technical skills are qualities acquired by using and gaining expertise in performing physical
(a) digital tasks. There are many different kinds of Technical skills. Traditionally people working in mathematics, computer science and information Technology have used many technical skills. Today, however, many more industries seek an Employee with Technical knowledge.

Ex:- Retail and Lead service, awareness of IT needs to know how to use point of sale software

- * programming language
- * common operating System
- * Software Proficiency
- * Technical management
- * Data Analysis

Technical skills vary widely b/w Industry and jobs types for computer programme knowledge of various coding language is considered a technical skills.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

Management Skills are a collection of abilities that include things such as business planning, decision making, problem solution, communication, delegation and time management.

Planning:-

Planning is a vital aspect within an organization. In line with it refers to one's ability to organize activities in line with set guidelines while still remaining within the limits of the available resources such as time, money and labour. It is also the process of formulating a set of actions or one or more strategies to prelude and achieve certain goals or objectives with the available resources.

Communications:-

Possessing great communication skills for a manager. It can determine how well information is shared through about a team. How well a manager communicates.

Page No:

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

1. Listening skills :-

To communicate well you need to listen given a person your full attention hear what they're saying usually and non verbally and consider their thoughts.

2. Non-verbal communication :-

The message a person communicates isn't just spoken. It's non-verbal to improve communication you need to pay attention to you and the other person body language tone of voice, eye contact, posture and facial expression. Verbal communications and body languages must be in sync to convey a message clearly.

3. Emotional awareness :-

Improving communications means working toward emotional intelligence (EI) keen understanding of your emotions and the emotions of those around you.

Page No:

4. Questioning Skills

To create a two way flow of communication it's important to develop Questioning Skills when communicating with someone also sufficient questions that can clarify the conversation main point

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

- * It's leadership it usually less directive than that of a meeting
- * Leading a discussion group is not same as summing a meeting

Participation in teams:-

Participating in a team promotes an atmosphere that fosters friendship and laughter this may motivate employee's parallel and align them to work harder. It helps an individuals to possess communication skills strengths and habits.

Contribution as a team member:-

The Apmc connect article on contribute advises each team to share a personal strength and how it contribute to making a successful whole environment.

Leading a team/activity :-

Team building is a management technique used for improving the efficiency and performance of the whole groups through various activities. It values a lot of skills, Analysis and observation for forming a strong and capable team.

Page No:

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

Technology allows you to understand how effective your training and development is by tracking employee knowledge before and after the process.

Real-world practice is the gold stem of how to learn something because you have to apply new knowledge before it can really become your own.

Technology can facilitate the kind of development and learning we always needed and that we continue to need as we encounter and overcome new challenges in the world of business.

Technology based training learners can be more engaged because they can control their learning environment and pace.

The main role of technology is acquiring, using, critiquing and communicating information from a variety of sources and in a variety of ways.

Technological change (TC) is the technological development is the overall process of creation, innovation and diffusion of technology (©) Process.
