Acknowledgements

First I would like to thank Sachivalayam team for giving me the opportunity to do an internship for giving me the opportunity to do an internship with the organisation.

The success and orderful of this internship project requires a lot of guidance and endowment from many people in the edukilla organization.

I also would like all the people that worked along with me and Sachivalayam with their patience and openness they created an enjoyable working environment.

I am highly indebted to director and principal for the facilities provided to accomplish this internship.

The internship opportunity, I had with Sachivalayam was a great chance for learning communicational skills.

I perceive as this opportunity as a big milestone in my career development. All the secretariat staff are friendly with me and also their teaching, everything like schemes, Agriculture classes are very good and simple way of teaching skills.

I express my sincere thanks to all Sachivalayam staff members and volunteers.

These classes are very good impact of me. They should very responsible and very duty mind on all the internship students.

For permitting me to do the project work to successfully.

My sachivalyam staff members (or) workers giving valuable guidance to complete the project successfully.

I am extremely grateful to my sachivalyam [Urom] staff members and friends who helped me in successful completion of this internship.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

I experienced a very good environment with professional knowledge & kind of people in this organization all the staff are very punctual in attending the office. All the sachivalyam staff behaved very well with us.

They had shown an interest in technology and how their system working and administration activities are handled in a procedural manner the facilities are good and there is a healthy atmosphere.

The time they spend for us in beginning in working schedule are appreciable. The staff co-operation & extended their operation in the internship programme.

The digital assistant are used for helping in learning advanced and needs at this moment for accountability which keeps the system trust and worthy.

I am satisfied myself of this organization (from word sachivalyam) Protocols, and working culture.

Everyone given value to time and everyone behaved well with us.
They said were very well understand.

Kerwaropeta Sachinthyam place is a bit far from the village and
ventilation is also good at Kerwaropeta Sachinthyam.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

→ Each work is systematically managed.

Application program digital - Assistant.

Field verification - Welfare - Assistant.

Third party verification - Administration staff

Pre - Applied - VRD

Final - Applied - MPPD/MRD.

Everyone is using the technology bound work to avoid duplicity and ignore transparency in the eligibility of any scheme.

1. Bio - Metric Division.
2. Android (Smart Phones)
3. IRIS scanners.
4. Face Authentication.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

I. achieved the real time governance produsal pre defined which is very realistic and given tone management, competence & analog skills.

Every work in time is bounded and cool be delected whole world is observing the activity & Decision making is very important.

For doing anythink firstly practical knowledge and secondly planning and thirdly the procedure for implementation.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.)

My communication skills are modified and improved myself in communication of different people in different places.

My written communication as per improved it by written say evaluation or description/ thought.

My anxiety level are low:- I am very much patient and listen to music when I feel anything & I learn more anxiety management techniques.

My speech ability is moderate and it will be improved by communication skills.

I always greet every one when I see them & thank them whenever they do good things.

oral & written communication skills have improved more than before confidence levels are also very well developed.

The way of grasping the key points is greatly improved. In this internship, I learned how to greet others and thank you.

Describe how you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

In group division, I always space with point-to-point and don't large to improve I will be clear of what I am saying.

I also encourage others to participate in the discussions to share their views and views.

I always conclude the group discussions in a friendly & formal manner.

Oral skills are developed and different ideas come out in group discussions, leadership skills and communication skills are developed in these discussions.

I lead well in these activities.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

First thing:-

1. Handling of smart phones.
2. Bio - Metric Device
3. IRIS Scanner.
4. Face Authentication programme.

which gives the realistic procedure secondly:-

Using E-POS Machine in PDS

thirdly:-

Using 'Cops' e-Return in land.

Re-namely program

- Using drones in demarcation of marks in land alligment programme.

Student Self Evaluation of the Short-Term Internship

Student Name: Komanapalli Sai

Registration No:

Term of Internship: 17-12-22 From: 17-12-22

To: 18-03-23

Date of Evaluation: 22-03-2023
