Area of Survey :- KOTABOMMALI

problems :-

our ward have insufficient access to in our ward due to impact of low income and technical solution communication lack of sustainable developing of drinking water.

and the dirty water has started over flowing on road then and it is flowing into the streets.

it feels very bad and risk to us for which may to spread of dengue, malaria and other health problem affects.

solutions :-

implementation of direct bore well recharge or govt tap connection

is possible to improve the availability of water for drinking

divert energy of water and improve during system in our ward.
