CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

During my internship at the Registrar office and stamps department in Srikakulam, I experienced a professional work environment that was conducive to learning and growth. The office and department were equipped with all the necessary facilities, including computers, printers, scanners, and other office equipment. The work environment was clean, organized, and spacious, with adequate lighting and ventilation. The staff members were friendly, welcoming, and supportive. They were always willing to help and answer any questions that I had. The supervisors and senior officials provided me with guidance and feedback on my work, which helped me improve my participation in various activities and events organized by the office and

department, which helped me gain exposure to different aspects of government office administration.

The work environment was also characterized by a strong emphasis on professionalism, ethics, and integrity. The staff members were committed to upholding the values and principles of the organization and worked diligently to ensure that their work was of the highest quality. They demonstrated a strong sense of accountability and responsibility in their work and were always willing to take ownership of their tasks and responsibilities.

Overall, the work environment that I experienced during my internship was positive, supportive, and professional. It provided me with a valuable opportunity to gain practical experience, enhance my skills and knowledge, and contribute to the functioning of a government organization.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

During my internship at the Register office and stamps department in Srikakulam, I acquired several real-time technical skills related to government office administration and registration of documents.

These skills include :-

Data collection and management :- I learned how to collect and manage data using various tools and software, such as Excel spreadsheets, and geographic information systems (GIS).

Barcode scanner operation :- I gained hands-on experience in operating barcode scanner to the time of cash receipt entry through e-challan, etc.

Computer hardware operation :- I gained some hands-on experience in operating printers and scanner at the time of endorsements, pointing and scanner of originalized and registered document.

Daily Revenue record management :- I gained experience in maintaining and updating revenue duties collected in the form of stamps, registration fees, transfer duties, etc....

Communication skills :- I improved my communication skills by interacting with various stakeholders such as land owners, land sellers, bank managers, mortgagors, government officials, and other staff members. I learned how to communicate technical information effectively and clearly.

Technical Report writing :- I gained experience in writing technical reports on distribution of stamps, documents registration, challan records, and other activities which involved data analysis and interpretation.

Overall, these technical skills that I acquired during my internship will be beneficial for my future academic and professional pursuits in the field of government office administration and documents registering. They have equipped me with the necessary technical knowledge and practical skills to succeed in these fields.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

- * Flexible work timing.
- * Decision making in any situation.
- * I gained leadership qualities
- * Improvement in work performance
- * Productive use of time
- * Importance of time
- * clarity of job works

During my internship at the Registers office and stamps department in soikakulam, I not only acquired technical skills but also developed various managerial skill.

These skills include :-

Planning and Organizing :- I learned how to plan and organize my work effectively to meet deadlines and achieve targets. I also observed how my supervisors and senior officials planned and organized their work to manage their teams and achieve organizational goals.

Leadership :- I gained experience in leading small teams of staff members during document registration and other activities I learned.

Problem-solving :- I developed problem-solving skills by dealing with real-time challenges and obstacles during documents registration and other activities.

Communication and Interpersonal skills :- I improved my communication and interpersonal skills by interacting with various land owners, mortgagees (land), bank officials, government officials, and other staff members.

Time management and Prioritization :- I learned how to manage my time effectively and prioritize tasks based on their importance and urgency.

Overall, these managerial skills that I acquired during my internship will be beneficial for my future academic and professional pursuits in the field of government office administration and registration of land documents. They have equipped me with the necessary knowledge and skills to lead teams, solve problems, and make informed decisions.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

- * Learn a lot of things apart from skills, which helps in communication network.
- * I like writing daily issues and I want to explore my self in Public

Improving communication skills is an ongoing process, and there are several ways that I can further enhance my communication skills .. some of the steps I can take are :

Practice Active Listening :- Active listening is an important aspect of effective communication. To improve my communication skills, I can practice active listening by paying attention to the speaker, asking relevant questions, and clarifying doubts.

Practice speaking confidently :- Confidence is key when it comes to effective communication. I can work on building my confidence by practicing speaking in front of a mirror, recording my speaking and seeking feedback from others.

Improve non-verbal communication :- Non-verbal communication, such as facial expressions, and body language, plays a crucial role in communication. To improve my non-verbal communication.

use clear and concise language :- clarity and conciseness are crucial for effective communication. I can work on using simple language, avoiding jargon, and using clear and concise sentences.

Read and write more :- Reading and writing are excellent ways to improve communication skills. By reading books, articles, and other materials, I can improve my vocabulary and writing skills. I can practice writing E-mails, reports, and other documents to improve my writing communication skills.

Seek feedback :- Feedback is critical for improving communication skills. I can seek feedback from my supervisor, colleagues, and friends to identify areas for improvement and work on them.

Overall, by practicing active listening, speaking confidently, improving non-verbal communication, using clear and concise language, reading and writing more, and seeking feedback, I can continue to improve my communication skills and become a better communicator.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

Enhancing one's abilities in group discussions, participation in teams, contribution as a team member and leading a team / activity requires practice, dedication, and a willingness to learn. Here are some ways that I can enhance my abilities in these areas.

Group Discussion :- To enhance my abilities in group discussion, I can focus on improving my active listening skills, participating actively by contributing ideas, asking relevant questions, and seeking clarification whenever necessary.

Additionally, I can work on building rapport with other team members, respecting others' opinions, and remaining open to constructive feedback.

Participation in Teams :- To enhance my participation in teams, I can start by taking the initiative to participate in team activities, volunteering for tasks, and demonstrating a positive attitude towards team goals. I can also work on building trust and respect with other team members by being sociable, communicative and open to collaboration.

Contribution as a team member :- To enhance my contribution as a team member, I can focus on developing skills that align with the team's goals and objectives.

I can also work on improving my ability to communicate effectively with team members, delegate tasks, and offer constructive feedback. Additionally, I can learn to take ownership of my tasks, manage my time effectively, and deliver results, in a timely and efficient manner.

Leading a Team/ Activity :- To enhance my leadership abilities, I can start by developing a clear understanding of the team's goals, objectives, and challenges. I can work on building my ability to communicate effectively with team members, inspire and motivate them towards common goals. Delegate tasks effectively, and resolve conflicts constructively. Additionally, I can learn to manage risks, make informed decisions, and deliver results that align with the team's objectives.

Overall, enhancing my abilities in group discussions, participation in teams, contribution as a team member, and leading a team/ activity requires a combination of softskills and technical skills. By focusing on developing my soft skills such as problem-solving, I can become a more effective team member and leader.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

During my internship at the registrar office and stamps department, I observed several technological developments that are relevant to the subject area of my training.

These include:

Cloud Computing :- the Registrar office uses cloud computing technology to store and manage large volumes of data. Cloud computing has several advantages such as scalability, cost-effectiveness and accessibility. This technology has enabled the Registrar office to store and manage a vast amount of data efficiently.

Online Applications :- the Registrar office uses an official website for the purpose of registration of land documents, distribution of stamps, marriage registration, etc. Divorce registrations, etc. registrations etc... this application has made the registration of various documents more easy and effective.

Digital Instruments :- The Registration office and stamps department is equipped with several digital instruments like computers, mouse, keyboards, printers and scanners. Besides these, there are also several other instruments like finger print scanner, barcode scanner, camera for photo capturing, etc... These all devices help in the process of registration of documents.

Overall, I observed that technological developments have greatly improved the efficiency and accuracy of documents registration and stamps giving activities. The use of cloud computing, online applications, digital instruments and several other technologies has transformed the way the Registration office and stamps depot operate.
