We are the interns as a team were very active and focused in the work. We were also given space for our process. Which made our internship very useful for us.

Every company has its own culture As a inter I discovered its essential to be enthusiastic and open to learning new skills. I learned that its important to communicate with teachers, Head master if I have any doubts.

Asking and receding feed back is very important. It is essential to take note of both the positive and negative points for future, I learned that some times asking for feed back or receiving feed back is difficult to hear but it will have a significant impact on your future career and success.
