SEMESTER INTERNSHIP

Designed & Developed by

**ANDHRA PRADESH
STATE COUNCIL OF HIGHER EDUCATION**

(A STATUTORY BODY OF GOVERNMENT OF ANDHRA PRADESH)

PROGRAM BOOK FOR
SEMESTER INTERNSHIP

Name of the Student: Savara. Bhavani

Name of the College: Government degree college (nur) Srikakulam

Registration Number: 2022001049073

Period of Internship: From: 12/12/2022 To: 16/03/23

Name & Address of the Intern Organization: medical Area Hospital (Seethampeta)

Dr. B. R. Ambedkar

University

YEAR

An Internship Report on

Medical Superintendent Area Hospital (Seethampeta)

(Title of the Semester Internship Program)

Submitted in accordance with the requirement for the degree of

B.Sc. (BEC)

Under the Faculty Guideship of

(Name of the Faculty Guide)

Department of

Government Degree college (Men) Srikakulam

(Name of the College)

Submitted by:

Sauvra. Bhavani

(Name of the Student)

Reg.No: 2022001049073

Department of _____

government Degree college (Men) Srikakulam

(Name of the College)

Instructions to Students

Please read the detailed Guidelines on Internship hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

1. It is mandatory for all the students to complete Semester internship either in V Semester or in VI Semester.
2. Every student should identify the organization for internship in consultation with the College Principal/the authorized person nominated by the Principal.
3. Report to the intern organization as per the schedule given by the College. You must make your own arrangements for transportation to reach the organization.
4. You should maintain punctuality in attending the internship. Daily attendance is compulsory.
5. You are expected to learn about the organization, policies, procedures, and processes by interacting with the people working in the organization and by consulting the supervisor attached to the interns.
6. While you are attending the internship, follow the rules and regulations of the intern organization.
7. While in the intern organization, always wear your College Identity Card.
8. If your College has a prescribed dress as uniform, wear the uniform daily, as you attend to your assigned duties.
9. You will be assigned a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow interns. Post your daily activity done and/or any difficulty you encounter during the internship.
10. Identify five or more learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - a. Data and Information you are expected to collect about the organization and/or industry.
 - b. Job Skills you are expected to acquire.
 - c. Development of professional competencies that lead to future career success.
11. Practice professional communication skills with team members, co-interns, and your supervisor. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.
12. Be aware of the communication culture in your work environment. Follow up and communicate regularly with your supervisor to provide updates on your progress with work assignments.

13. Never be hesitant to ask questions to make sure you fully understand what you need to do your work and to contribute to the organization.
14. Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.
15. At the end of internship, you shall be evaluated by your Supervisor of the intern organization.
16. There shall also be evaluation at the end of the internship by the Faculty Guide and the Principal.
17. Do not meddle with the instruments/equipment you work with.
18. Ensure that you do not cause any disturbance to the regular activities of the intern organization.
19. Be cordial but not too intimate with the employees of the intern organization and your fellow interns.
20. You should understand that during the internship programme, you are the ambassador of your College, and your behavior during the internship programme is of utmost importance.
21. If you are involved in any discipline related issues, you will be withdrawn from the internship programme immediately and disciplinary action shall be initiated.
22. Do not forget to keep up your family pride and prestige of your College.

Student's Declaration

I, Savara Bhavani a student of internship
Program, Reg. No. 2022001049072 of the Department of Botany
College do hereby declare that I have completed the mandatory internship
from 12/12/2022 to 16/03/2023 in Ara Hospital seeThampal (Name of
the intern organization) under the Faculty Guideship of
 (Name of the Faculty Guide), Department of
Bsc (BZE) T.H, Government Degree college (Men)
(Name of the College)

Savara. Bhavani
(Signature and Date)

Official Certification

This is to certify that Savera Bhaurani (Name of the student) Reg. No. 2072001049073 has completed his/her Internship in _____ (Name of the Intern Organization) on _____ (Title of the Internship) under my supervision as a part of partial fulfillment of the requirement for the Degree of B.Sc (BZC) T.H in the Department of Government Degree College (Name of the College).

This is accepted for evaluation.

(Signature with Date and Seal)
12/07/2023
Medical Superintendent
Area Hospital, Seethampeta

Endorsements

Head of the Department

Principal

Certificate from Intern Organization

This is to certify that Savara Bhavani (Name of the intern)
Reg. No 2022001049073 of Government Degree College (Name of the
College) underwent internship in _____ (Name of the
Intern Organization) from 02/12/2022 to 16/03/2023

The overall performance of the intern during his/her internship is found to be
_____ (Satisfactory/Not Satisfactory).

S. S. 12/07/2023.
Authorized Signatory with Date and Seal
Area Hospital, Seethampeta

Acknowledgements

I would like to express by special thanks of great
ode to my teachers who gave me the
golden opportunity to do this wonderful project in
Biochemistry department who also help me in completing
my project successfully, I came to know about many
new things, I am really thankful to them.

Secondly I would also like to thank my
Teachers who had given me the great opportunity"
I acknowledge with thanks, the kind of patronage,
loving supervision and timely guidance which I
have received from my course coordinator.

Contents

- ① Acknowledgment
- ② executive summary
- ③ The organisation
- ④ Internship part
- ⑤ weekly report.
- ⑥ outcome descriptions
- ⑦ managerial skills
- ⑧ Technical skills
- ⑨ communication skills.

CHAPTER 1: EXECUTIVE SUMMARY

The internship report shall have a brief executive summary. It shall include five or more Learning Objectives and Outcomes achieved, a brief description of the sector of business and intern organization and summary of all the activities done by the intern during the period.

- ⇒ On the first experience of my four month internship I have visited to Bio-chemistry department of laboratory
- ⇒ I have learnt the names of equipment which are used in bio-chemistry laboratory for different Tests
- ⇒ I learnt the way of sample collection and to identify the bio-chemistry samples.
- ⇒ And I also knewed how to centrifuge the samples in a protocols.
- ⇒ I learnt how to write OP and IP records books
- ⇒ I learnt how to enter the complete details of the Patient given in a receipt and enter in record.

- ⇒ I learnt how to enter the complete details of the Patient given in a receipt and enter in record.

It deals with interactions between living organic cells and their surroundings plus/matter and is the study of important chemical processes occurring with living organisms

A sub-discipline of both biology and chemistry - Bio-chemistry can be divided into

three fields - # structural biology

enzymology

metabolism

Over the last decades of the 20th century

Bio-chemistry has become successful at explaining living processes through these three disciplines.

CHAPTER 3: INTERNSHIP PART

Description of the Activities/Responsibilities in the Intern Organization during Internship, which shall include - details of working conditions, weekly work schedule, equipment used, and tasks performed. This part could end by reflecting on what kind of skills the intern acquired.

complete blood count CBC

- Bio chemistry is a branch of medicine that deals with
- ⇒ complete blood count is also known as a full blood count is a set of medical laboratory tests that provide information about the cells in a person's blood.
 - ⇒ The CBC indicates the count of white blood cells, red blood cells and platelets.
 - ⇒ The concentration of haemoglobin and the hematocrit
 - ⇒ Diseases can be detected in CBC - some of the common diseases CBC defect include anemia, bone marrow disorder, dehydration, infection.
 - ⇒ normal range of white blood cells 4,500 to 11,000 4.5 million - 5.9 million cells per mm³ for women
 - ⇒ Haemoglobin 14 to 17.5 g/dL (g/dL) for men.

centrifuge

Procedure

Insert the Tube sample into the rotals.

if needed based on the number of samples you are
Testing. insert the test tube filled with water for
balance.

secure the lid and select the desired setting.

start the centrifuge and wait for it to complete the cycle.

when the centrifuge has stopped spinning take out of
balances and samples.

each samples will now be separated into its various
components and ready for analysis.

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	I visited to the lab and investigation	I learned laboratory equipments 1. Hot Air oven 2. CBC machine	Saikumar
Day - 2	I visited to the Lab equipments or incubator	I learned lab incubators are essential equipment in the laboratory	Saikumar
Day - 3	I visited in the Lab and investigation	I learned Heat air even it is used in sterilization of laboratory equipment such as glassware.	Saikumar
Day - 4	In the will be Antinatal case core Test	I learn about in a HB Test or in Test, thyroid Test	Saikumar
Day - 5	on the first day of my internship I visited the Bio-chemistry lab	I came to know about all laboratory surroundings	Saikumar
Day - 6	on the third day first started with sample collection	I knowed that how to collect the samples.	Saikumar

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	I visited to the lab and investigation	I learned laboratory equipments 1. Hot Air oven 2. CBC machine	Saikumar
Day - 2	I visited to the lab equipments or incubator	I learned lab incubators are essential equipment in the laboratory	Saikumar
Day - 3	I visited in the lab and investigation	I learned Heat air even it is used in sterilization of laboratory equipment such as glassware.	Saikumar
Day - 4	In the will be Antinatal case core Test	I learn about in a HB Test or in Test, Thyroid Test	Saikumar
Day - 5	on the first day of my internship I visited the Bio-chemistry lab	I came to know about all laboratory surroundings	Saikumar
Day - 6	on the third day first started with sample collection	I knowed that how to collect the samples.	Saikumar

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department of government hospital
Seethampeta. In this week visited on a day by day
learned to.

1st day lab and investigation of air vents electrical
devices which use dry heat to sterilize.

2nd I learned lab incubators are essential equipment
in the laboratory.

3rd day I visited in the lab and investigation.

I learned that wiretens it is use electrical devices
which use dry heat to sterilize.

4th day will be Antinatal case are Test I learn about
in a HB Test and in Test thyroid Test

5th day Bio-chemistry laboratory and the all the
tests I learn how to collect the samples.

6th day I will visited then we collect the report
of the patient again we have to check in the
Test tube of the patients sample.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	I took some Test tube samples and put it into the protals.	we have to Pet them carefully in protals.	Saikumar
Day -2	Based on number of samples Testing insert the Test tube filled with water	for balancing	Saikumar
Day -3	Secure the lab and select the desire setting	for balancing the Test tube of sample.	Saikumar
Day -4	Start the centrifuge and what want for it to complete the cycle	we have to keep the for 3-4 mins.	Saikumar
Day -5	when the centrifuged has stopped spinning take out of balance and samples.	remove them with the help of syringe	Saikumar
Day -6	Such samples will be separated into various component and ready for	it will be separated b/w blood and plasma in solid.	Saikumar

WEEKLY REPORT

WEEK - 2 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital Seethampeta. In this week visited and day by day learned to

1st day few test tube samples and put it into the proteins. We have to put them correctly in based on no samples.

2nd day testing insert the test tube filled with water for balance. Secure the lid and select the desired setting for balancing the test tube of sample.

3rd day Add the start the centrifuge and wait for it to complete the cycle. We have to keep them for 3-4 minutes.

4th day when centrifuge has stopped spinning take out balances and samples. Remove them with the syringe.

5th day each sample will be separated into various components and ready for analysis. It will be separated b/w plasma and blood. Become into state.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	We visited cath lab to know about its purpose	cath lab is important part at treating heart conditions	Saikumar
Day - 2	visited cath lab	Treats coronary artery disease, heart attacks chest pain etc.	Saikumar
Day - 3	I learned how to do group determination	learned about group determination.	Saikumar
Day - 4	Today I got to know about different blood collecting tubes.	know about different	Saikumar
Day - 5	visited sample collection point	know how to collect blood.	Saikumar
Day - 6	came to know about the centrifugation machine	separate as called blood with serum.	Saikumar

WEEKLY REPORT

WEEK - 3 (From DI to DI)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital see sample. In this week visited on day by day learned to. 1st day we visited lab and known about its purpose. it plays an important role in treating heart condition. Treats coronary artery disease, heart attacks, chest pains etc.

And then the later day we come to know about the blood group determination next we got to know about the different coagulated top tubes which are used for collection of blood visited the sample collection point.

we have got to know about the centrifugation machinings with separates clotted blood with serum.

WEEKLY REPORT

WEEK - 3 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital see thampeta in this week visited on day by day learned to.

1st day we visited lab and known about its purpose. it plays an important role in treating heart condition treats coronary artery disease heart attacks. chest pains etc.

And then the later day we come to know about the blood group determination next we got to know about the different coloured top tubes which are used for collection of blood visited the sample collection point

we have got to know about the centrifugation machines which separates clotted blood with serum.

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	on the I learnt the normal values of the parameters	I came to know the normal values and results	Saikumar
Day - 2	studed about glucose fast ingit measures the amount of glucose in our body in lowest	I came to know the happens in morning	Saikumar
Day - 3	Testing blood glucose test a level b/w 70/100mg (3.9 and 5.6 ml) is normal	I know that most of time blood glucose level will be 121-mg/dl.	Saikumar
Day - 4	Glucose test prondial means after a meal test is done of respond sugar	I learnt that after digestion of food in stomach	Saikumar
Day - 5	substance formed by the break down of protein in the liver called urea	I know that kidney helps to remove the blood and into the urine.	Saikumar
Day - 6	and also creatinine is a waste product	I knewed that it was made by our muscles.	Saikumar

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	on the I learnt the normal values of the parameters	I came to know the normal values and results	Saikumar
Day - 2	studed about glucose fasting it measures the amount of glucose in our body in lowest	I came to know this happens in morning	Saikumar
Day - 3	Testing blood glucose test a level b/w 70/100mg (3.9 and 5.6ml) is normal	I know that most of time blood glucose level will be 121-mg/dl.	Saikumar
Day - 4	Glucose test postprandial means after a meal test is done of respond sugar	I learnt that after digestion of food in stomach	Saikumar
Day - 5	substance formed by the break down of protein in the liver called urea	I know that kidney helps to remove the blood and into the urine.	Saikumar
Day - 6	and also creatinine is a waste product	I knewed that it was made by our muscles.	Saikumar

WEEKLY REPORT

WEEK - 4 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital
seethampeta in this week visited an day by day learned
to

I learnt about glucose fasting means a fasting blood
glucose test measures the amount of glucose in our
blood it should be in lowest it must be done in morning
times.

Testing blood glucose test a level b/w 70/100mg (3.9
and 5.6 mmol) is considered normal most of the time the
blood glucose level will be 125 mg.

Glucose post prandial means after a meal this test
is done to see how our body responds to sugar and
starch after we eat

substance formed by the break down of protein
in the liver is called urea urea can also be made
in laboratory.

creatinine is a waste product made by our muscles

ACTIVITY LOG FOR THE FIFTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	know about the Trop test	Troponin test measures the level of Troponin in the blood.	Saikumar
Day -2	know about the BT, CT Test (bleeding time is clotting time)	Test used to detect haemostatic disorders.	Saikumar
Day -3	know about the fetal Doppler test	test use to sound waves to check baby's heart beat	Saikumar
Day -4	visited sample collection point	Drawed blood from patients.	Saikumar
Day -5	visited wards for sample blood sample collection	collected blood sample from patients in wards.	Saikumar
Day -6	visited sample collection point	Drawed blood from patients.	Saikumar

WEEKLY REPORT

WEEK - 5 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department in government hospital seethampeta in this week visited an day by day learned that Trop I test measures the levels of troponin I or troponin I protein in the blood these proteins released by when the heart muscle has been damaged.

Fetal Doppler gives you an opportunity to listen than baby's heart beat the monitor measure baby's and how it changes.

When your baby's and moves.

BT, CT Test are used to detect acwt ocwt halmostatic disorders normal BT values is 2-4 minutes normal CT value is 8-15 minutes.

ACTIVITY LOG FOR THE SIXTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Done blood group determination test	using Ant A, B, O reagents blood group is determined	Saikumar
Day -2	Done VDRL Test	using the serum and reagent the VDRL test is done	Saikumar
Day -3	Don the CBC Test	complete blood count (RBC, platelets, WBC etc)	Saikumar
Day -4	Don the centrifugation of samples	placing the tubes with the balanced method.	Saikumar
Day -5	visited the wards	know about the patients conditions	Saikumar
Day -6	visited sample collection point	drawed blood from the patient	Saikumar

WEEKLY REPORT

WEEK - 6 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital Seethampeta In this week visited on day by day duty leave to.

I have done the lot of tests under the guidelines of the techascsam Aesths

I have done the blood group determination and then taken VDRL test

~~And~~ And also conducted the CBC test.
also done the underlogation visited the
wards.

ACTIVITY LOG FOR THE NINTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Done ESR Test [erythrocyte sedimentation rate]	inserting the vertical measuring tone it reflects the Hematocrit of RBCs	Saikumar
Day -2	Done HIV & HCV kit method tests	using the reagent serum, conjugate this test is done	Saikumar
Day -3	collected samples of co-interns	we collected samples from co-interns	Saikumar
Day -4	Done CUE Test [complete urine examination]	using STIP the urine is observed and examined	Saikumar
Day -5	Done electrolytes test	inserting the serum to get the results	Saikumar
Day -6	Done Hepatitis-B Test	using the kit and conducting serum using the dropper.	Saikumar

WEEKLY REPORT

WEEK - 7 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital Seethampeta In this week visted an day by day dub leave to.

I have got the chance to done the ESR test and also H.V and H.V test method tests we also collected the blood samples of co-interns we have done the ur test and also electrolytes Hepatitis - B tests.

ACTIVITY LOG FOR THE SEVEN WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	will be visited PHARMA Ey room	learn about to the pharmacy is the science of dispensing medical drugs.	Sharath
Day - 2	day will be of sexed medical pharmacy room	Two days observe the medical pharmacy then at ten learn about where are those medicines	Sharath
Day - 3	will be visited the medical pharmacy observed pharmacy room	obtain comes to hospital patient I learned how to give medications.	Sharath
Day - 4	will be visited the medical pharmacy rooms	And next learned that medical can be used for any thing	Sharath
Day - 5	we have visited to the pharmacy and postactyma (PCM) uses.	I learned PCM use satipyletic-treat mild headaches	Sharath
Day - 6	I visited to the pharmacy different Types of Syp	I learned that Syp can be used for any thing.	Sharath

WEEKLY REPORT

WEEK - 8 (From Dt..... to Dt: Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day medical department in government hospital seethampeta. In this day I visited to the pharmacy's days at the comes to hospital patient. I learned how to give medicines.

1st day I learned BP test. Systolic pressure between 120 and 129 with diastolic pressure of less than 90 low blood pressure in a reading of 90/60 or less.

2nd day pharmacy room observe the medical pharmacy them after learn but where are those medicines.

3rd day I learned physiotherapy muscle stimulation therapy the waist, legs, neck pain if any problem uses muscle stimulation therapy.

4th day ultra sound therapy - the hands cracked if problem use the sound therapy and exercise daily should be done.

5th day paracetamol (PCM) uses for pain PCM - antipyretic treat mild headaches PCM side effects but mild allergic reaction when it used more than 3 days.

6th day I visited to the medical pharmacy different types of syrups. I learned that syrups can be used for anything.

ACTIVITY LOG FOR THE EIGHTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	I visited to the pharmacy	I learn about is the science of dispensing medical drugs	Bharath
Day -2	I visited to the medical pharmacy and ointments uses	learn about different types of ointment uses.	Bharath
Day -3	I gained to the medical pharmacy ointment example	learn about 1. B.B lotion 2. micono Bok 3. povidin 4. nemy cine	Bharath
Day -4	I visited to the medical pharmacy and syp-use	learn about that syp can be used for any therapy	Bharath
Day -5	I visited to the pharmacy medicines examples	learn about 1. pcm 2. cpm 3. pantop 4. pido	Bharath
Day -6	I gained to the pharmacy syp example	learn about 1. syp pcm 2. syp cpm 3. syp oden 4. syp iron	Bharath

WEEKLY REPORT
WEEK - 9 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital
Seethampeta In this week visited on a day by day learned
to the

1st day I learn about pharmacy is the science of dispen
ding medical drugs.

2nd I visited on day by day I understand to the pharmacy
room - different types of ointments last week.

3rd day learn about different types of ointments
which Type of ointment what is it for then after 2 days.
I joined to the medical pharmacy eye drops which Type
eye drop what is it for B.B lotion miconazole povidone

Neomycin.

4th day I learn about different types of tablet uses and Syrup
uses and tablet Syrup can be used for anything and on cat, FA
FA, B. complex tablets.

5th day where tablet and Syrup examples then after 1
learn about where are these medicines

6th Syrup PCM, Syrup CPM, Syrup Zinc, Syrup Iron, Syrup Ondansetron
Syrup Sucralfate, Syrup Ipratropium, Syrup IC, Syrup Salbutamol
etc.

WEEKLY REPORT

WEEK - 9 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day of medical department to government hospital Seethampeta In this week visited on a day by day learned to the

1st day I learn about pharmacy is the science of dispensing medical drugs.

2nd I visited on day by day I understand to the pharmacy room - different types of ointments last week.

3rd day learn about different types of ointments which Type of ointment what is it for then after 2 days.

I joined to the medical pharmacy eye drops which Type eye drop what is it for B.B lotion miconazole povidone neomycin.

4th day I learn about different types of tablet uses and Syrup uses and tablet syrup can be used for anything and on cat, FA, FA, B. complex tablets.

5th day where tablet and Syrup examples then after I learn about where are those medicines

6th Syrup PCM, Syrup CPM, Syrup zinc, Syrup Iron, Syrup Ondansetron Syrup Sucralfate, Syrup Igeed, Syrup IC, Syrup Salbotomal etc.

ACTIVITY LOG FOR THE TENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	I gained to the medical pharmacy	learn about how to use medicines & 10-11 Tip-11 GP-1 HS-SPEPMS mens.	Bharath
Day - 2	I visited to the pharmacy Pharmacy room	learn about corni s to hospital patient learned how to give medications.	Bharath
Day - 3	I gained to the pharmacy	learn about the science and stendi ration of drugs.	Bharath
Day - 4	I visited to the pharma cy room	learn about const the doctor after the doctor over the pati ent after then go to pharmacy room	Bharath
Day - 5	I gained to the pharmacy uses	Learn about me dicines an be take n when ever need	Bharath
Day - 6	I visited to the medical pharmacy	learn about where are those medicines.	Bharath

ACTIVITY LOG FOR THE TENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	I gained to the medical pharmacy	learn about how to use medicines & 10-11 Tip-11 GP-1 HS-SPEPMS mens.	Bharath
Day - 2	I visited to the pharmacy room	learn about corni s to hospital patient learned how to give medications.	Bharath
Day - 3	I gained to the pharmacy	learn about the science and stendi ration of drugs.	Bharath
Day - 4	I visited to the pharmacy room	learn about const the doctor after the doctor about the pati ent after then go to pharmacy room	Bharath
Day - 5	I gained to the pharmacy uses	Learn about me dicines an be take n whenever need	Bharath
Day - 6	I visited to the medical pharmacy	learn about where are those medicines.	Bharath

WEEKLY REPORT

WEEK - 10 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day medical department to government hospital
Seethampeta In this week. visited to a day by day.

1st day I learned how to use medicine TID-III (M-A-N)
GID-III (M-N-N) HS-Sleeping 10-1 (C Fall)

2nd day I learned comes to hospital patient I
learned how to give medicines.

3rd I gained to the Pharmacy room is the science of
preparing and dispensing medical drugs.

4th day first patient consult the doctor after the
doctor.

5th day observed the patient after then go to pharmacy
room medical Pharmacy uses.

⇒ medicines can be taken whenever needed

→ All types of drugs available when needed in
pharmacy

⇒ pharmacy has many facilities.

ACTIVITY LOG FOR THE ELEVENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	we have visited in OP department to the observation to hospital	I learn about out Patient and sicre patient come to hospital doctor meet m, be need of sect	
Day -2	on the fourth day we wrote OP and IP records	I knew the b/w of means out Patient IP means in Patient.	
Day -3	will be visited to the medical OP Department	I learned medical out patient department	
Day -4	I visited to the OP medical	I learned doctor meet must be needed OP sheet	
Day -5	I visited to the Out Patient Department	who is not admitted to the hospital and who doesn't stay in less to the hospital	
Day -6	I gained to the medical out patient registration	learn about who doesn't stay in - how use to the hospital	

ACTIVITY LOG FOR THE ELEVENTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	we have visited in OP department to the observing to hospital	I learn about out patient not sicre patient come to hospital doctor meet m, be need of sect	
Day - 2	on the fourth day we wrote OP and IP records	I knew the b/w of meeng out patient IP meeng in patient.	
Day - 3	will be visited to the medical OP Department	I learn medical out patient department	
Day - 4	I visited to the OP medical	I learned doctor meet must be needed of sect	
Day - 5	I visited to the Out Patient Department	who is not admitted to the hospital and who doesn't stay in less to the hospital	
Day - 6	I gained to the medical out patient registration	learn about who doesn't stay in - how use to the hospital	

WEEKLY REPORT

WEEK - 11 (From Dt..... to Dt.....)

Objective of the Activity Done:

Day - 3	I visited to the dressing room	1. learn about the method stops bleeding	Silva
Day - 4	will be visited to the dressing room	1. learn about a dressing is a sterile assisting. Should form a bondage	Silva
Day - 5	—	—	
Day - 6	—	—	

WEEKLY REPORT

WEEK - 15 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

In the day medical department in government hospital Seethampeta In this week day by day I vadersstarr in a leand to the

1st day I learned TB Test it first collect the sputum

2nd day I learned TB Test I learn about 1. liquefieri Butter (0.5 ml) 2-3 drops. 2. licyce Butter 2.5 ml, 3. catarigern.

3rd day I learn about dressing this method atop's Heading, geneodly by Employing a bondege that can go over the wound followed diessing material uth day I learned adresssing is a storik and com press applied to a woond to ploomote healing and protect the would from fuill hezm.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

- ⇒ This report describe a brief description of the awareness and behavior consistent with professional conducts.
- ⇒ The benefits of an internship for student include job experience, finding mentors, preparing for future employment and building.
- ⇒ Past work experience is now just a valuable our degree and exam results when it comes to building a successful career.
- ⇒ Just having a good degree is no longer enough to secure that all important graduate job offer in today's world.

⇒ 4 key outcomes, got from my internship

- # I learn about the corporate world

- # I capitalized the opportunities given to me

- # I built a diverse network.

- # I started an international career.

⇒ I did my internship in bio-chemistry department

every one fully supported me and encouraged me to

improve my knowledge and they helped me and taught

me a lot for the future experiences.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

Technical skills are qualifications acquired by using and gaining expertise in performing physical or digital tasks. There are many different kinds.

- * Data analysis
- * web development
- * computer programming language
- * financial management
- * Book keeping
- * writing

Technical skills are the specialized knowledge and expertise required to perform specific tasks and use specific tools and programs in real.

Technical Skills mean

Technical skills in this context usually refer to an individual who possesses the knowledge and expertise to complete technical skills are abilities, knowledge or expertise required to perform specific job-related tasks.

⇒ during my internship I was fully happy (that) with my team because we had a oral communication.

⇒ writing communication is any written message that two or more people exchange written communication involves expressing yourself clearly, using language note taking summarizing and writing report

⇒ I was happy to say that I clearly clarify my doubts what I had by writing and explaining

⇒ Anxiety management strategies, slow breathing progressive muscle relaxation maintain a healthy lifestyles

⇒ protocols determine the method of communication

b/w

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

⇒ oral communication is the process of verbally transferring information and ideas from one individual or group to another oral communication include - face to face conversations

⇒ during my internship I was fully happy (that) with my team because we had a oral communication.

⇒ writing communication is any written message that two or more people exchange written communication involves expressing yourself clearly, using language not taking summarising and writing report

⇒ I was happy to say that I clearly clarity my doubts what I had by writing and explaining

⇒ Anxiety management strategies, slow breathing progressive muscle relaxation maintain a healthy lifestyles

⇒ protocols determine the method of communication

b/w

The SAP system and the content repository always need to maintain protocols of you want to use

⇒ I always understand others problem if they do not understand any topic if it is possible I will explain them until they understand the topic I can understand them.

⇒ and also if I have any problem any doubts and I wanted to clarify my doubts, I will ask my friends to explain me unless I understand them. doubts.

⇒ An extempore speech is an impromptu speech which the candidate is required to make on a topic given there and then.

⇒ extempore speech is a method of assessing and judging a persons speaking abilities, as well as the flow of their thoughts and the manner in which they follow.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

I can work is one of the important and tough aspect to be done during intern program

we as a interns of Government hospital (CCHC) seethampeta formed as a Team enhance and improve our work in an efficient and time saving way

we used to share our thoughts as a I can and also our knowledge regarding the work every week one of us used to take initiative on leading the I can working as a I can and as also as a leader made me know the importance of team work and work time management

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

The Government has taken a big leap step in implementing technological knowled ge for students the Government hospital uses sophisticated devices in the lab the present

system followed by our hospital is very advanced and upgraded the equipment in lab are mostly latest updated versions.

we have got to know how to deal with the machinery they were easy to handle and easy to understand.

They are important regarding the tests and test results.

These devices plays an important role in medical field these machinery helps to get test results in effective way and helps in time management.

Student Self Evaluation of the Short-Term Internship

Student Name: Savara. Bhavani

Registration No: 202200104973

Term of Internship: 4 months From: 12/12/2022 To: 15/03/2023

Date of Evaluation:

Organization Name & Address: medical area Hospital, see Thampel

Please rate your performance in the following areas:

Rating Scale: Letter grade of CGPA calculation to be provided

1	Oral communication	1	2	3	4	5
2	Written communication	1	2	3	4	5
