CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

I gained so much experience in the internship the work environment is truly not great and not bad that's ok, some few dog all the staff and SI sir interacted with us. I always thankful to the SI sir constables each station and they are explained what they know about traffic knowledge and thankful to staff.

We experienced the different types of people. Some people are very easy to control and interact and some are even though at some times not like beauty of

all the days. All the staff and me with my friends are always follow the rules how allow the rules with strick of the management.

I full pleasure to have an opportunity to work with them.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

I acquired some new skills related to the internship these skills also helps me in any job. while I improved my communication with stranger. I improved more better than before that before if was practically experienced for me to have been learn to tough situations. I was also provides a complete strength to work to support the management.

Learn basic knowledge in society this types of skills really helpful and I remembered in my life this lessons because help for my job careers.

Time management become more the strict while. I was reworking. I come to have more clarity on managing the time and maintaining the leadership qualities

I can find the difference of some changes in myself

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

Managing all the different peoples and keeping them in their control is a different task. Holding the people when they are submitted old fines. I punished the rude peoples. When they are not properly submitted old fines at the junction this made me the productive of time while I teach a lesson. I used to set a goal of completing the topic and giving awareness about it. I observed the every time when I work. I also planned my topic which I would teach to people.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

Communication skills always play a very important role my communication skill are very improved As I don't have any idea about the staff mentors. I feared at first and some few day to face infront of them because that time they didn't know me. I improved my strength to face them and I learned some bases to face the staff having conversation with the staff now improve my communication ability

I can feel the change in my communication. I always have fear but sometimes I used to control

my to them displane. I always follow few protocols in communication with others

They protocols which are the sitted by me are really helped in my good communication skills
