= " A Project Report "

ON

COMMUNITY SERVICE

Submitted in the partial fulfillment of the
requirement for the award of degree of BSc By.

NAME :- Durna. Uma Sri

ENROLLMENT NO :- 2222001050010

SEMESTER :- 2nd (MPCS) 3rd sem

BATCH :- 2022 - 2025

Under the supervision of

Jaipal Sir,

Lecturer in Physics Department

GOVT. Degree College (MEN)

SRIKAKULAM.

PHONE NO :- 7386354392

WEBSITE :- WWW.gc.sklm.ac.in

Certificate

Certified that this project report "water facilities and drinking water availability" being submitted by M. Sathya babu in partial fulfillment of the assignment for the award of Bachelor of Science in physical department.

Honour is the reward of Benilode work done by them under the supervision during the academic year 2023-2025.

Project guide

Jaipal Sir

Teacher in Physics
Department GDC (M)
Srikakulam.

Declaration

I hereby declare that the project Report entitled as "community Service project" Submitted by me to MR. Jaipal Sir, programme incharge, Department of the _____ in partial fulfillment of the requirement for award to degree of B.Sc in management Department is a record of actual Project work carried out by me under the guidance of MR. Ravikumar Sir. I further declare that work Reported in this project has not been submitted and will not be submitted either in part (or) in full for the award of any other degree in this institute (or), any other institute (or) university.

What is meant by community service project

Community service is work done by a person (or) group of people that benefit others. It is often done near the area where you live, so you work through sometimes found and small gifts like a shirt one given to volunteers.

community service can help any group in need children, senior citizens, people with disability English language teachers and more it can also help animals. Such that those at a shelter and it can be used to improve places such as local park historic building (or) science area as well.

community service is often organized through at local group. Such as a place at workshop, school (or) non-profit organization. Need important about CSP :-

community service has a number of important benefits, engaging in community service provides students with the opportunity to become active members of their community and has a real positive impact on society of large

Community service (or) volunteering enable

Student to acquire life skills and knowledge, as well as provides a service to those who need it most, there are some of the community benefits of participating in a community service program.

Psychological benefits:-

Volunteering increases over all life satisfaction and help you feel and good about your self because you are helping others it can also to decrease stress and care depression.

Positive Benefits in CSP project:-

=> Social Benefits:-

Volunteering engages students with the community connects them with the population being served and increased social awareness and responsibility.

=> Cognitive Benefits:-

Volunteering helps students enhance their Personal knowledge, grow from new experience and develop better inter-personal communication skills.

which will further promote wellness of the nation and the world we live in.

The way being which ? helped the society in solving problems are :-

- > Plantation in public parks
- > cleaning up local parks
- > Providing food to the stray animals.

way to provide participate in communicate service:

There are hundred ways to participate in community service, depended on the skills and interest (can common community service. Examples includes.

- > water is the driving force of all water.
- > Nothing is softer (or) more flexible than water, yet nothing can resist it.

6) Develop community level water supply management system which includes management of water resource & assets

7) Agree upon community water usage largely and recognize community properties.

4) Assess to community water resource and assets.

4) Requires hydrological analysis of water source and risk identification methodology.

2) Assess the available water assets & resource at community level using community mapping exercise.

7) Identify community level risk control measure to management resource that includes for water privatization.

8) On going maintaining & evaluation of community water supply.

2) undertake community water use skills holder analysis engaging stakeholders to women's recognition in water

1) identify community's water usage mode and priority for water usage

Problem Statement

major problems that today's society and our surrounding are facing are listed below, there are lot of many problems that are to be addressed but the problem that can be addressed and has to be solved as soon as possible are listed below.

Pollution in multiple ways like air pollution, water pollution, noise pollution etc. adolescent pregnancy, access to domestic, clean drinking water, child abuse and to domestic, neglect domestic violence, charges, pollution, mismanagement of Resources, lack of funding for schools & management of resource for profit.

I tried to solve some problems as an individual the energy and time it took was address also but the result it should use of great significance in groups, work done, As an individual my own opinion to the society in work in groups, work done but your little efforts to the goodness of the society will bring a drastic change in the society as well as in the minds of the neighbours & college.

Participating in community service not only makes a difference to the organization and people being

Service but also makes a difference to every student's career prospects.

Participating in ~~esp~~ activities helps to enhance Student Resume by allowing students to obtain work related skills prior to employment in to community involvement and provide a platform to network with in.

Back ground:-

Community service is a non-paying job performed by one person or a group of people for the benefit of their community (or) its institutions. Community service is distinct from volunteerism service. Since it is not always performed on a voluntary basis, it may be for a variety of reasons.

- & It may be required by a government as a part of citizenship requirement. Like the mandatory Hard and Hildes up service for some municipalities in Germany, or generally in line of military service or for civil conscription services.

- & It may be required as a substitution of, or in addition to, criminal justice, sanitation when performed for this reason. It may be referred to as community pay back.

- It may be mandated by schools to meet the requirement of a class, such as in the case of service learning or to meet the requirements of graduating as class valedictorian.
- In the UK, it has been made a condition of the receipt of certain benefits
- In Sweden it is a suspended sentence called "Samhall stijaust" (social service)

Observations:-

I observed some diseases such as cholera, Typhoid, malaria in our village, Because of water problems and drainage systems.

Some people suffer with illness due to of water from Ponds, lakes etc. water resources are very important we must use water resources carefully

Precautions:-

- we drink good water like mineral water
- The people who own the well should observe certain precaution to improve the quality of the water.
- washing of cloths & animals in the well

Title of the Project

"WATER FACILITIES AND DRINKING WATER AVAILABILITY"

Questionnaire for the Project

1. What type of Water System do you have:
a) Own Tap with overhead tank b) ☒ Underground water well/bore c) Community Tap
2. What type of water do you use for drinking a) Mineral Water b) ☒ Tap Water c) Ground Water
3. How do you evaluate the quality of your drinking water
a) ☒ Very Good b) Satisfactory c) Dissatisfied
4. Do you drink water from Outside : a) ☒ At hotels b) Other Places c) No
5. What kind of Sewage System do you have
a) In house pit
b) ☒ Drainage System
c) Polluted Water is driven into open space i.e; Ground etc
6. How do you wash up/take bath
a) By running water under tap b) ☒ Use bucket and Mug c) Shower/Sauna
7. What kind of washroom do you use: a) ☒ Flush b) Bucket/Mug c) ODF
8. How much Water do you use for a day: a) ☒ 20lit b) 30lit c) 40lit d) More
9. Do you experience water shortages
a) No b) Rarely c) Almost every year d) ☒ It is constant problem
10. Do you have water conservation methods: a) ☒ Pits b) Community action c) None
11. Are you suffering any water borne diseases: a) ☒ Malaria b) Cholera c) Scabies d) Typhoid
12. Does the water you use is a) Fluoride water b) ☒ Hard water c) None
13. How often do you clean water storage tanks per year
a) Once b) 2-3 times c) ☒ 4 times d) >6 times
14. Are you interested to learn Water conservation methods: Yes/No
15. How much water is used in your family per a day
a) 60lit b) 80lit c) ☒ 100lit d) More
16. How much water is used for drinking (only) in your total family per a day
a) 30 lit b) 40 lit c) ☒ 50 lit d) none
17. Is there any RO System (water plant) in your village: yes/☒no
18. How many RO System (water plant) are there in your village :
a) 1 b) 2 c) ☒ 3 d) None
19. What type of Water bodies are there in your village
a) Pond b) Lake c) River d) ☒ a or b
20. Is your village comes under coastal area: yes/☒no

9. Do you experience water shortages
a) No b) Rarely c) Almost every year ☒ d) It is constant problem
10. Do you have water conservation methods: ☒ a) Pits b) Community action c) None
11. Are you suffering any water borne diseases: a) Malaria b) Cholera c) Scabies d) Typhoid
12. Does the water you use is ☒ a) Fluoride water b) Hard water c) None
13. How often do you clean water storage tanks per year
a) Once b) 2-3 times ☒ c) 4 times d) >6 times
14. Are you interested to learn Water conservation methods: Yes/No
15. How much water is used in your family per a day
a) 60lit b) ☒ 80lit c) 100lit d) More
16. How much water is used for drinking (only) in your total family per a day
a) 30 lit b) 40 lit c) 50 lit ☒ d) none
17. Is there any RO System (water plant) in your village: yes/☒ no
18. How many RO System (water plant) are there in your village :
a) 1 b) 2 ☒ c) 3 d) None
19. What type of Water bodies are there in your village
a) Pond b) Lake c) River ☒ d) a or b
20. Is your village comes under coastal area: yes/☒ no

Title of the Project

"WATER FACILITIES AND DRINKING WATER AVAILABILITY"
Questionnaire for the Project

1. What type of Water System do you have:
a) Own Tap with overhead tank b) Underground water well/bore c) Community Tap
2. What type of water do you use for drinking a) Mineral Water b) Tap Water c) Ground Water
3. How do you evaluate the quality of your drinking water
a) Very Good b) Satisfactory c) Dissatisfied
4. Do you drink water from Outside : a) At hotels b) Other Places c) No
5. What kind of Sewage System do you have
a) In house pit
b) Drainage System
c) Polluted Water is driven into open space i.e; Ground etc
6. How do you wash up/take bath
a) By running water under tap b) Use bucket and Mug c) Shower/Sauna
7. What kind of washroom do you use: a) Flush b) Bucket/Mug c) ODF
8. How much Water do you use for a day: a) 20lit b) 30lit c) 40lit d) More
9. Do you experience water shortages
a) No b) Rarely c) Almost every year d) It is constant problem
10. Do you have water conservation methods: a) Pits b) Community action c) None
11. Are you suffering any water borne diseases: a) Malaria b) Cholera c) Scabies d) Typhoid
12. Does the water you use is a) Fluoride water b) Hard water c) None
13. How often do you clean water storage tanks per year
a) Once b) 2-3 times c) 4 times d) >6 times
14. Are you interested to learn Water conservation methods: Yes/No
15. How much water is used in your family per a day
a) 60lit b) 80lit c) 100lit d) More
16. How much water is used for drinking (only) in your total family per a day

Title of the Project

"WATER FACILITIES AND DRINKING WATER AVAILABILITY"

Questionnaire for the Project

1. What type of Water System do you have:
a) Own Tap with overhead tank b) Underground water well/bore c) Community Tap
2. What type of water do you use for drinking a) Mineral Water b) Tap Water c) Ground Water
3. How do you evaluate the quality of your drinking water
a) Very Good b) Satisfactory c) Dissatisfied
4. Do you drink water from Outside : a) At hotels b) Other Places c) No
5. What kind of Sewage System do you have
a) In house pit
b) Drainage System
c) Polluted Water is driven into open space i.e; Ground etc
6. How do you wash up/take bath
a) By running water under tap b) Use bucket and Mug c) Shower/Sauna
7. What kind of washroom do you use: a) Flush b) Bucket/Mug c) ODF
8. How much Water do you use for a day: a) 20lit b) 30lit c) 40lit d) More
9. Do you experience water shortages
a) No b) Rarely c) Almost every year d) It is constant problem
10. Do you have water conservation methods: a) Pits b) Community action c) None
11. Are you suffering any water borne diseases: a) Malaria b) Cholera c) Scabies d) Typhoid
12. Does the water you use is a) Fluoride water b) Hard water c) None
13. How often do you clean water storage tanks per year
a) Once b) 2-3 times c) 4 times d) >6 times
14. Are you interested to learn Water conservation methods: Yes/No
15. How much water is used in your family per a day
a) 60lit b) 80lit c) 100lit d) More
16. How much water is used for drinking (only) in your total family per a day
a) 30 lit b) 40 lit c) 50 lit d) none
17. Is there any RO System (water plant) in your village: yes/no
18. How many RO System (water plant) are there in your village :
a) 1 b) 2 c) 3 d) None
19. What type of Water bodies are there in your village
a) Pond b) Lake c) River d) a or b
20. Is your village comes under coastal area: yes/no
