Mettakkivalasa (vill)

Amadalavalasa (M),

About 2km from Railway station.

community profile :-

Mettakkivalasa is a small village.

near Amadalavalasa having nearly 500 families with cultivating fields.

and along stream containing water from Nagavali river.

The families are working in different areas like labour works farmers, mason, etc. And few men are went to cities and working there for the livelihood of their families.

The village can be seen like a thing of beauty with the greenery of fields and having a stream of its side.

Socio Economic conditions :-

The main sources of income to communities as already said from works of labour and many people depend on agriculture. Through this the families are leading a peaceful and happy life in their native place of having sufficient needs like water, cultivating lands etc.

WEEKLY REPORT

WEEK - 1 (From Dt. 09/05/23 to Dt. 16/05/23)

Objective of the Activity Done:

To collect demography data,

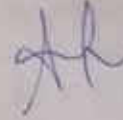

Detailed Report:

In this first week, we started the community service project in mettakkivalasa village which is comes under the municipal cooperation of Amadalavalasa, -Andhrapradesh. We selected a topic - "E-waste management population and other aspects like age structure, sex ratio, literacy rate, occupational composition, family type are the requirements under the topic.

In the first week, we collectively went to the community to overlook the conditions and situations in village. We found that the community has own house, own toilets and under ground drink water system through municipal water.

We collectively surveyed 25 houses in villages and collected data which are required to take a demographic profile of ward from the first week data. We had a report that migration -s are gradually increasing in ward to community.

WEEKLY REPORT

WEEK - 2 (From Dt. 17/05/23. to Dt. 24/05/23.)

Objective of the Activity Done:

surveying a collection of demographic data

Detailed Report:

In this second week, we continued surveying the remaining houses in mettakkivalasa village. our survey had ended in the weekend.

When compared to first week, we had lot of experiences with village people while conducting survey in community. The experience are:

- community people are still believing superstitions.
- They do not have awareness on the social media news. They are following fake news.
- during survey, we have seen only small children, elderly aged above 30 years and old aged people.
- many young people are went to far places for education and employment.
- still people are living in segregations as per their communities in habitat.
- They are six families who don't work, but leading their life with pensions amount provided by government.
- Agriculture, cattle rearing and daily waged work are sources of income.

WEEKLY REPORT

WEEK - 3 (From Dt..... to Dt.....)

Objective of the Activity Done:

project implemented in community

Detailed Report:

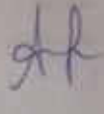

In this third week, we have implemented our project in Mettakivalasa. This implemented project includes explaining government welfare schemes, village development and goals, ways to start small businesses in community, Agriculture and irrigation information.

We motivated people about the strength of unity among themselves. We explained them about the type of soil in that village and the type of crops to grow in which season.

We found community should need awareness on some aspects. So that they can be change their minds and steps towards community development.

E-waste management camp conducted to bring the awareness on villagers about the need to development of all aspects to them in society.

Describe the problems you have identified in the community

problems in Community:

- 1: There is high chance of floods to this village during heavy rains as gets filled of rain water and surplus water flows into Community.
- 2: Treatment of upper class Community people with lower class is not fine.
- 3: Communities are still following unuseful superstitions.
- 4: Some of peoples are not using their toilets and preferring open defecation.
- 5: As per global e-Waste data, 44.48-million-ton global electronic waste is being generated annually.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

Solution for the problems:-

- * As many old-aged and a few middle-aged peoples in Community are not doing any work. If any work is provided to them as per their capabilities, the productivity increases and it tends to give the Community economy.
- * Some streets are not having street lights.
- * Government should take necessary actions to end the illegal land dealing by brokers in this Community.
- * The solution is to stop to pass through a Community.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

Community Awareness programmes:

On the Community awareness programmes were conducted in Metlakkinabasa village on topics:

- * E-Waste Management
- * Health and Hygiene
- * Importance of education
- * Awareness on Superstitions.
- * Rural Digitalisation.

→ E-waste management refers to properly disposing and managing electronic waste, including all old or discarded electronic gadgets such as phones, computers and telephones. The negative impact of electronic waste on the environment and human health and hygiene by minimising pollution, conserving natural resources and energy and promoting sustainability.

→ Education awareness programme conducted to let know community about the importance of education to every person.

→ To remove superstitions a programme was conducted to aware people that there is no use of superstitions. To digitalise the village, Rural Digitalisation programme was conducted to aware the importance of digitalisation in day-to-day life.

CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Recommendations:

- * Communications should leave Superstitions.
- * women population should be spatio to be spaised.
- * Know a product's life span before you buy it.
- * Spread the word about E-waste
- * maintain your current electronic equipment.
- * Have Co-operation among Communities.
- * Don't give up life for debts and useless pride in Communities.

Conclusion:

E-Waste management is a Critical issue that must be addressed in order to protect the Environment and human health.

→ For example, lead in e-waste can contaminate soil and water resources causing serious harm to both wildlife and human populations.

→ main livelihood for most of them is Daily-waged labour

→ Somebody has own houses

→ Major irrigation sources are Borewells, own toilets, Drinking water facilities etc.
