- G. Future Plans of the Organization.

I joined in the government primary school named A.V.N.M.C.H primary school, Gurjarathi peta, which provides education to the poor people in that surroundings

I observed some new issues rised in the school as it is in the developing condition.

I am personally able to recollect the way of government school organization working method.

As I joined as intern in that school, teachers had supported me a lot to take classes, to the students and advised me the way of teaching to a Primary school students in this period of internship time.

CHAPTER 3: INTERNSHIP PART

Description of the Activities/Responsibilities in the Intern Organization during Internship, which shall include - details of working conditions, weekly work schedule, equipment used, and tasks performed. This part could end by reflecting on what kind of skills the intern acquired.

I have joined in the government school named Municipal Primary school, Gujarathi peta for 45 days of internship.

I worked as a intern in that school and I took classes to 5th classes students.

In detail, working conditions are started from 9:30 am to 1:00 PM in the school

In starting of 9:00 prayer and then classes are taken and i observed that few students were able to understand english and some of them are very active in many circular activities.

This short term internship provided me more teaching techniques and friendly behaviour and patience to deal with the students.

CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

Intern's work environment is one of the aspects of intern's quality addressed in this report.

The people of A.V.N.M.C.H school in Srikakulam mandal, Srikakulam District and Gunturathi peta at area, where I found a good interacting staff. As well as an intern under learning improvement programme organized by UNICEF which helps to improve our teaching techniques. We was given a desk like chalk. Our role is to enhance the students and observe him. Analysing all activities by students and staff. Our timings are from 9:30 AM to 4:00 PM.

The Headmaster and the teachers are very polite and humble to me. The students are very friendly and interactive which made me socialize with them very easily. The other interns were also cooperative in work. We as our inter team were very active & focussed in the work. We were also given space for our process which made our internship very useful for us.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

There are some technical skills, I have acquired from this internship.

I have known about how to put my knowledge and skills into practice, as we provided a schedule to teach them, which is a module where it contains Telugu, English, Maths, Art and craft and a game for the children which enhance my communication skills and built a friendly relationship with the children and staff at my working place. I learned that every department has its own work. I was very curious to learn new skills from several department of the school. Head master and the staff clarifies my each and every doubt about the school.

Asking and receiving feed back is very important, it is essential to take note of both the positive and negative points for future. I came to know that asking & receiving feed back may difficult at that time to here but if has a huge impact in future.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

There are some managerial skills. I have acquired from this internship.

I learned how to effectively deal with people and developing my managerial skills. As we provided a module by LTP programme through an app we have our assigned work to complete with respect to time that we have. We as an intern in that school I learned to manage time that and work that engaged with several department of school.

We have kept notes to notedown the observations that we made everyday such as. The food that they provide books and other essentials for their studies. Our intern team hold a meeting session to discuss several aspects to enhance the child education & mental stability we planned to improve their academic progress by general motivations and other activities. we discussed about our performances in the school in teaching.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

I have huge improvement in communication skills in this internship in A.V.N.m.c.H school syllabus Gujarathi pera area.

As we have been always interactive with students and staff - our communication skills improved day by day. As we feel tense to talk with initially but later we feel comfortable to talk. As we improved our communication skills writing on blackboard feels anxiety at initial stage takes. We feel confident in teaching by the advices given by the teaching staff.

Our intern team had many discussions which improve my speech skills which able to improve my conversation and greeting. associates and other wishes we have also developed few teaching skills in our internship.

Describe how could you enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

Team work is one of the most significant skills I have learned in my work place.

We the interns of municipal elementary school in Gujratipeta street of SriKakulam formed a team to enhance and improve our work in an efficient way.

Firstly all of us, doesn't have any relation between each other, but gradually we become a team and each one become the leader of that team, where we conduct discussions on every week to enhance the children, which plays a vital role in our performance at work place.

Working as a team member and leader in the intern team made we know about how to work and manage the team. It makes me to interact and cooperate each other to manage our work efficiently and give a practical knowledge experience to me.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

The Government has taken a big leap in implementing technology in education system to amplify digital transformation of schools.

The municipal elementary school in Engarathipeta area of Srikakulam district needs is in this stage of academic years.

The Headmaster updates the information of school through smart phone. He scan faces of the students and verify their day to day attendance. and he also take photograph of the children during their lunch time of their menu and nutrit food.

The Headmaster observed the teaching method in every classroom and he asked us to practice the academic year in English medium. When compared to our school day. Government schools had a great development. Children of that school is always maintained by the teacher to their safety.
