CHAPTER 5: OUTCOMES DESCRIPTION

Details of the Socio-Economic Survey of the Village/Habitation. Attach the questionnaire prepared for the survey.

Social - economic survey of Habitation :-

Korakavalaya village is economically and socially stable village. The economic conditions of Habitation are very fine as some work for living 2 to 3 families financially struggling as their disability. The Habitations is socially very fine that they have coordination among them. They used to live in segments according to their communities. They collectively celebrate festivals grandly.

Questionnaires :-

- 1) write Household details?
- 2) what is source of income to your family?
- 3) Is the house you are living in is owned or rented?
- 4) what is community & religion?
- 5) Is their availability of Agricultural land?
- 6) Do you have water facilities?
- 7) Do you have white ration card?
- 8) Do you have own toilets?
- 9) Do you have TV?
- 10) Is their internet available at home?

Describe the problems you have identified in the community

Problems in community :-

- 1) There is a high chance of floods to this village during heavy rains as it gets filled with grain and surplus water flows into the community.
- 2) Treatment of upper class community people is different from lower class and not fair.
- 3) Communities are still following useless superstitions.
- 4) Some people are not using their toilets and preferring open defecation.
- 5) As per global e-waste data, 44-48 million tons of global electronic waste are being generated annually.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

Solution for the problems :-

- As many old-aged and a few middle-aged people in community are not doing any work. If any work is provided to them as per their capabilities, the productivity increases and it tends to raise the community economy.
- Some streets are not having street lights.
- Government should take necessary actions to end the illegal land dealings by brokers in this community.
- The solution is to stop to pass through a community.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

Community Awareness programmes :-
on the community Awareness programmes.
were conducted in Kaslakavalasa village on topics.

- 1) E-waste management.
- 2) Health and Hygiene.
- 3) Importance of education.
- 4) Awareness on superstitions
- 5) Rural digitalization.

E-waste management refers to properly disposing and managing electronic waste, includes old or discarded electronic gadgets such as phones, computers and telephones. The negative impact of electronic waste on the environment and human health and hygiene resource. And energy and promoting sustainability.

To remove superstitions, a programme was conducted to aware people that there is no use of superstitions, to digitalize the village, 'Rural digitalization' programme was conducted to aware the importance of digitalization in day to day life.

Report of the mini-project work done in the related subject w.r.t the habitation/village.

A mini-project work in the related subject w.r.t the habitation/village. (For ex., a student of Botany may do a project on Organic Farming or Horticulture or usage of biofertilizers or biopesticides or effect of the inorganic pesticides, etc. A student of Zoology may do a project on Aquaculture practices or animal husbandry or poultry or health and hygiene or Blood group analysis or survey on the Hypertension or survey on the prevalence of diabetes, etc.

The Report shall be limited to 6 pages.

Recommendations :-

- communities should leave superstition.
- women population should be ratio to be spread.
- know a product's lifespan before you buy it.
- spread the word about E-waste.
- maintain your current electronic equipment.
- Have cooperation among communities.

Conclusion :-

e-waste management is a critical issue that must be addressed in order to protect the environment and human health.

For example :-

- main livelihood for most of them is daily-waged labour.
- somebody has own houses.
- major irrigation sources are bore wells, own toilets, drinking water facilities etc.
