Describe the problems you have identified in the community

problem in community :-

1) there is high chance of floods to the this village during heavy rains as get filled of rain water and of rain

2) Treatment of upper class community people with lower cast is not fine

3) Communities are still following unwholesome superstitions.

4) Some of peoples are not using their toilets and pre forming open declaration.

5) As per global e-waste data, 44.48 millions global electronic waste is being annually.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

Solution for the problem:-

→ As many old - aged and a few middle - aged people in community are not doing any work.

if any works is provided to them as per their community economy.

→ Some streets are not having street lights.

→ Government should take necessary actions to end the illegal land dealings by brokers on this community.

→ The solution is to stop to pass through a community.

CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Recommendations:-

- communities should leave superstitions.
- women population should be ratio to be rise or decrease.
- know a products life span before you buy it.
- Spread the word about e-waste.
- Maintain your current electronic equipment.
- Have cooperation among community.

Conclusion:-

E-waste management is a critical issue that must be addressed in order to protect the environment health.

For example, lead in e-waste can contaminate soil and water resources causing

- somebody has own house
- Major irrigation sources are bore wells, own toilets, drinking etc.
