10. Is there internet available at home?

Describe the problems you have identified in the community

problems in community:-

1. There is high chance of floods to this village during heavy rains as gets full of rain water and surplus water flows into community.
2. Treatment of upper class community people with lower class is not fair.
3. Communities are still following unuseful superstitions.
4. Some of people are not using their toilets and preferring open defecation.
5. As per global C-water data, 44-48, million ton global electronic water is being generated annually.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

Solution for the problem:-

- ⇒ As many old-aged and a few middle aged peoples in community are not doing any work is provided to them as per their capabilities the productivity increases and it tends to rise the Community Economy.
- ⇒ Some streets are not having street lights.
- ⇒ Government should take necessary actions to end the illegal land dealings by broken of the community.
- ⇒ The solution is to stop to pass through a community

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

Community Awareness programme:-

ON the community awareness programmes were conducted in pathapatnam on topics

- 1) E-waste management
- 2) Health and Hygiene
- 3) Importance of Education
- 4) Awareness on Superstition
- 5) Rural Digitalization

E-waste management refers to properly disposing and managing Electronics Waste, including old (or) discarded electronics goods such as phones, computers and telephone. The negative impact of electronics waste on the environment and human health and hygiene by minimizing pollution conserving natural resources and energy and promoting sustainability.

Education awareness programmes conducted to let know community about the importance education to every person.

To remove Superstition a programme was conducted to aware people that there is no use of superstitions to digitalize the village.

Rural programme was conducted to awareness the importance of digitalization in day to day life.

CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion:-

E-waste management is a critical issue that must be addressed in order to protect the environment and human health.

For example, lead in e-waste can contaminate soil and water resources, causing serious harm to both wild life and human populations.

⇒ main livelihood for most of them is daily-waged labour

⇒ Somebody has own house.

⇒ major irrigation source are bore wells. own toilets drinking water facilities etc.
