CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

Interns work environment is one of the aspects of Interns quality addressed in this respected this students and the people of MPUP school and Buidi Kauchariam school were a good to Interactive staff members we given a desk for our work and with the basic teaching materials like board, chalk pieces. Our role is to in chance the students and observe and them are and other negative analyse and the activates by the staff members. and students. The headmaster and the staff are very polite and so frindly with us and humblo also The students are very interactive and also close to us like Uday, Priyanka, Meghana, Yamuna, Geetha. and also other students which made me social quiz and very close to them and also helped in work we are the interns like Pavani, Kiran as a team were very active and close and focused in the work we are also give space for our process which made our Internship very useful to us.

Describe the real time technical skills you have acquired (in terms of the job-related skills and hands on experience)

In the internship for four month in MP UP school, BKM of department of education there are some technical skills which I have acquired from this internship

I have know about how to put my knowledge and skills into practice such as mentoring. I learned how to communicate and build the relationship with the people where I worked. I learned that every department or organisation has it own culture. I quickly learned that every company has it's own culture as a intern that I discovered its essential to be enthusiastic and open to communication with the teachers, head master if I have any doubts.

Asking and receiving the feedback is very important it is essential to take note of both the positive and negative points for future. I learned that sometimes asking for feedback or receiving the feedback is difficult to hear but it will have a significant impact on your future career and success.

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.)

In this internship I know about intern
ship and leadership quality big the teachers.
team work is very important for any sit
uation. In this school I aquired some know
from the head master. The explains each
and every thing about life (goals) How the reach
goals and tells about how to face challenges and
How to improve your behaviour, body language
like that.

We how keeps a notes for absoere the
every improvement throughout the week we are
discussed the thought. In our working. we are
all says their goals for their journey we
also have to requiried our decision speaking
skills which are very usefull for further
As per the final day found that over
performance is upgraded

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.,)

In this school I took a Internship for the four months of time during this period. I think have to proved my various skills copectively communication skills. I would like to describe here about improvement in the different components.

I used to communicate skills from the teachers in mpp school, BKM. The part of Intenship is experience given towards confidence to me to well and also easily conversation to others.

I liked myself in specefic improvement and communication skills I also learned how to behave with teachers and opperacate other with maintaining protocols of the instructions and maintaining niceties.

→ Roles and Responsibilities :-

1. In this school, HM Madam give some work and note down the work
2. explain the tim equipment in students.

→ performance :-

In doing the work, prepare the students for exams, clarify therey doubts and guide them.

Describe how could you could enhance your abilities in group discussions, participation in teams, contribution as a team member, leading a team/activity.

on doing the internship in M.P.U.P school, BKM. I usually interest to conduct the group discussion, and various activities to the students because on creating these activities it could increase our knowledge and interest and also know the things of unknown from others by conducting these activities on students either individual or group most the students are interest to participate.

on the occasion of science day I took up some of the students from 9th class to participate in science fair. I boost up the students and encourage them to participate for my hard trying some students are participate I support them to do some live projects on the biology subject on the concept of Heart functioning, liver, kidney, digestion and also irrigation, concept, respiration and brain water storage. The students are prepared for the above projects and also explained what they did and every staff member appreciate them and also received prizes for their participation and they are happy and also make me happy for doing that on before the occasion of day.

Describe the technological developments you have observed and relevant to the subject area of training (focus on digital technologies relevant to your job role)

On doing the internship in MPUP school, BKN. we are interested to learn the subject. Technology for the schools is becoming the main part for the schools is administration there is a lot of the technologies in our school to increase the level of interest in students to learn the concepts and increase their knowledge.

There is a projectors, smart boards. In our school, through the means of technology of schools, teachers can create and teach the lessons in the projectors. A projector is an optical device in the projectors images and videos on the projector screen. It makes the notes - easier of the students.

The students can also manage a lot of assignments in a record period of time with the help of ipads, projectors etc. It creates a easier process to learn lessons for the students it makes students more engaged and learn and it helps them retain information it encourages collaboration and it also helps the teachers to provide instant feedback.
