CHAPTER 5: OUTCOMES DESCRIPTION

Describe the work environment you have experienced (in terms of people interactions, facilities available and maintenance, clarity of job roles, protocols, procedures, processes, discipline, time management, harmonious relationships, socialization, mutual support and teamwork, motivation, space and ventilation, etc.)

I felt very grateful to work with forest Dept. as an intern the interaction between the forest officers and me is good they explained all departmental activities very clearly

I likely working with forest department the commitment towards their work is good they jobs are perfectly they follow the instructions of their superior officers protocol is met in the forest Dept. all the forest officers in the forest Dept. friendly in nature they explain all the forest activities which are done in their Dept. the forest officers maintain time management the time they spend for me in the internship is appreciable they supported by and forest staff co-operation and extended their operation in (or) an internship programme

Describe the managerial skills you have acquired (in terms of planning, leadership, team work, behaviour, workmanship, productive use of time, weekly improvement in competencies, goal setting, decision making, performance analysis, etc.

The managerial skills we have learned by our forest dept. officers by their planning and their leadership.

(1) planning := we have to stop the fire in the forest by using water and close the fire with water by their planning

(2) Leadership :=

we have the best forest officers and they are giving but leadership skills and protect us very neatly and they are giving too much for co-operation and full of freedom.

(3) Behaviour :=

In this forest dept and they are very close to us and give us all rights to cooperate them.

Describe how you could improve your communication skills (in terms of improvement in oral communication, written communication, conversational abilities, confidence levels while communicating, anxiety management, understanding others, getting understood by others, extempore speech, ability to articulate the key points, closing the conversation, maintaining niceties and protocols, greeting, thanking and appreciating others, etc.)

I learned and improved my communication skills through interacting with different peoples while in the internship programmes.

I always get shy forest officer when I see them in the office.

I always used to pay attention while listening the class and noted down in my log book. During the field visit when I tasked in front of higher officers I had modified my communication skills.

Confidence levels are also well developed now when compared to before the internship.
