Describe the problems you have identified in the community

In the area, I surveyed the major problems were related to sanitation. primarily the village doesn't even contain the drainage. The waste of the village gets contaminated and due to that dangerous diseases spreads.

The drainage system never works and there the waste water from every households into the main road and by passes. The irrigation supply to the fields works very good but the households find the water from their own house i.e., own wells.

Some streets of my village have connect roads but some of them don't. At the time of rainy days it becomes very difficult to walk on these roads. those roads become very dirty and it becomes difficult for even vehicles too to travel and go into the village.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

- \* There is a waste collection center in my Locality that should be implemented.
- \* ~~My~~ people should not allow their surroundings for contaminations of water, storage of waste etc.
- \* Drinking idea should be implemented by the ~~my~~ government. Municipality
- \* Several Schemes of the government exists.
- \* Village Secretariat should focus on the road construction works.
- \* people has to follow the waste management methods.
- \* Wastage from the houses should be continuously collected.

These were several awareness programmes that were carried out by the government of A.P and also they are implemented at the rural level by the members of Village Secretariat. The programs are such Swachh Bharath Mission (SBM).

The outcomes that were understood by the people are as follows like proper cleaning and sanitizing of all food contact surfaces and utensils good basic housekeeping and maintainance and people are bound to this.

The Swachh Andhra Pradesh mission is ailgnment with SBM by eliminating open defecation, eradicating manual waste management activities to maintain cleanliness.
