**GUEST LECTURERS**

Guest lecturers can bring fresh perspectives, specialized knowledge, and real-world experience to classrooms. They can enhance the learning experience, expose students to diverse viewpoints, and bridge the gap between academic theories and practical applications. Overall, they add value by offering unique insights that complement regular curriculum content.

**OBJECTIVES OF GUEST LECTURES**

- Provide specialized knowledge on specific topics or industries.
- Share real-world experiences and examples to complement theoretical learning.
- Facilitate networking opportunities with industry professionals.
- Introduce diverse perspectives and viewpoints.
- Motivate and inspire students by showcasing successful professionals.
- Develop skills such as communication, networking, and problem-solving.
- Enhance the regular curriculum by addressing current trends and advanced topics.
- Gather feedback for continuous improvement of the guest lecture program.
